This booklet, called the “Combined Evidence of Coverage and Disclosure Form”, gives you important information about your health plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Evidence of Coverage that apply to those needs. You can get a copy of the health plan contract from your employer.

Many words used in this booklet are explained in the “Important Words to Know” section. When reading through this booklet, check that section to be sure that you understand what these words mean. Each time these words are used they are *italicized*.

Important Information About Your Mental Health Benefits

Benefits for mental or nervous disorders and substance abuse are provided by Optum Behavioral Health (the “BHP”), a health care service plan licensed by the California Department of Managed Health Care (the “DMHC”), through a direct arrangement with the *group*. Benefits are provided at the same level, including any deductibles and copayments, as we provide for all other medical conditions. Please contact Optum Behavioral Health at (877) 449-6710 for additional information. If you think the BHP is not providing these services according to these guidelines, please contact us at the *Customer Service number* on your member ID card and the DMHC as described in this booklet under “Department of Managed Health Care”.

Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The *Consolidated Appropriations Act of 2021 (CAA)* is a federal law that includes the No Surprises Act as well as the provider transparency requirements that are described below.

The CAA provisions within this *plan* apply unless state law or any other provisions within this *plan* are more advantageous to you

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- *Emergency services* provided by non *Anthem Blue Cross HMO* provider;
- Covered Services provided by non-*Anthem Blue Cross HMO* facility; and
- Non-*Anthem Blue Cross HMO* air ambulance services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, *emergency services* are covered under your *plan*:

- Without the need for precertification;
- Whether the *doctor* is an-*Anthem Blue Cross HMO* provider;

If the *emergency services* you receive are provided by a non-*Anthem Blue Cross HMO provider*, covered services will be processed at the *Anthem Blue Cross HMO provider* benefit level.

Note that if you receive *emergency services* from a non-*Anthem Blue Cross HMO provider*, your out-of-pocket costs will be limited to amounts that would apply if the covered services had been furnished by an *Anthem Blue Cross HMO provider*. However, if the treating non-*Anthem Blue Cross HMO provider* determines you are stable, meaning you have been provided necessary *emergency services* care such that your condition will not materially worsen and the non-*Anthem Blue Cross HMO provider* determines: (i) that you are able to travel to an *Anthem Blue Cross HMO facility* by non-emergency transport; (ii) the non-*Anthem Blue Cross HMO provider* complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent, you will be responsible for all charges. This notice and consent exception does not apply if the covered services furnished by a non-*Anthem Blue Cross HMO provider* result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an Anthem Blue Cross HMO Facility

When you receive covered services from a non-*Anthem Blue Cross HMO provider* at an *Anthem Blue Cross HMO provider facility*, your claims will not be covered if the non-*Anthem Blue Cross HMO provider* gives you proper notice of its charges, and you give written consent to such charges. This means you will be responsible for all out-of-network charges for those services. This requirement does not apply to ancillary services. Ancillary services are one of the following services: (A) *emergency services*; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) hospitalists; (I) intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

In addition, Anthem will not apply this notice and consent process to you if Anthem does not have an *Anthem Blue Cross HMO provider* in your area who can perform the services you require.

Non-*Anthem Blue Cross HMO provider* satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

How Copays Are Calculated

Your *copays* for *emergency services* or for covered services received by a non-*Anthem Blue Cross HMO provider* at an *Anthem Blue Cross HMO facility*, will be calculated using the median *plan Anthem Blue Cross HMO provider* contract rate that we pay *Anthem Blue Cross HMO providers* for the geographic area where the covered service is provided.

Any out-of-pocket *copays* you pay to a non-*Anthem Blue Cross HMO provider* for either *emergency services* or for covered services provided by a non-*Anthem Blue Cross HMO provider* at an *Anthem Blue Cross HMO facility* will be applied to your *Anthem Blue Cross HMO provider Copay Limit*.

Appeals

If you receive *emergency services* from a non-*Anthem Blue Cross HMO provider* or covered services from a non-*Anthem Blue Cross HMO provider* at an *Anthem Blue Cross HMO facility* or non-*Anthem Blue Cross HMO* air ambulance services and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a *Surprise Billing*

Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “How to Make a Complaint” section of this benefit book.

Provider Directories

Anthem is required to confirm the list of *Anthem Blue Cross HMO providers* in its provider directory every 90 days. If you can show that you received inaccurate information from Anthem that a *Anthem Blue Cross HMO provider* was a *Anthem Blue Cross HMO provider* on a particular claim, then you will only be liable for the *Anthem Blue Cross HMO provider* cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your *Anthem Blue Cross HMO provider* cost-shares will be calculated based upon the negotiated fee rate.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to *Surprise Billing Claims* by Providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act;

You may also obtain the following information on Anthem’s website or by calling Member Services at the phone number on the back of your ID Card.

- Cost Sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and;
- A listing / directory of all *Anthem Blue Cross HMO providers*;

In addition, Anthem will provide access through its website to the following information:

- *Anthem Blue Cross HMO provider* negotiated rates;
- Historical non-*Anthem Blue Cross HMO provider* rates; and
- Drug pricing information.

Getting Started

YOUR UNION HAS AGREED TO BE SUBJECT TO THE TERMS AND CONDITIONS OF ANTHEM'S PROVIDER AGREEMENTS WHICH MAY INCLUDE PRECERTIFICATION AND MEDICAL MANAGEMENT REQUIREMENTS, TIMELY FILING LIMITS AND OTHER REQUIREMENTS TO ADMINISTER THE BENEFITS UNDER THIS PLAN.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Choosing Your Primary Care Doctor

When you enroll you should choose a *primary care doctor*. Your *primary care doctor* will be the first *doctor* you see for all your health care needs. If you need special kinds of care, this *doctor* will refer you to other kinds of *health care providers*.

Your *primary care doctor* will be part of an Anthem Blue Cross HMO contracting *medical group*. There are two types of Anthem Blue Cross HMO *medical groups*.

- ◆ A *primary medical group (PMG)* is a group practice staffed by a team of *doctors*, nurses, and other *health care providers*.
- ◆ An *independent practice association (IPA)* is a group of *doctors* in private offices who usually have ties to the same *hospital*.

You and your family members can enroll in whatever *medical group* is best for you.

- ◆ You must live or work within our geographical service area.
- ◆ You and your family members do not have to enroll in the same *medical group*.

- ◆ For a child, you may choose a *primary care doctor* who is a pediatrician.

Enrollment in the selected *plan* is dependent upon you residing or working within the *plan*'s geographical service area, and the network, provider, and *doctor* availability within the geographical service area. If at the time of enrollment in the selected *plan*, the network or Physician/Medical Group is not available or you do not reside or work in the geographical service area of the *plan*, you may be assigned to or be required to choose a different provider, network, and/or *plan*..

We publish a directory of *Anthem Blue Cross HMO providers*. You can get a directory from your plan administrator (usually your employer) or from us. The directory lists all *medical groups*, *IPAs*, and the *primary care doctors* and *hospitals* that are affiliated with each *medical group* or *IPA*.

You may call our *Member Services number* on your Member ID card or you may write to us and ask us to send you a directory. You may also search for an *Anthem Blue Cross HMO provider* using the "Provider Finder" function on our website at www.anthem.com/ca. The listings include the credentials of our *primary care doctors* such as specialty designations and board certification.

Please note, your *primary care doctor*, or *medical group*, must provide or coordinate all of your care, except for out-of-area urgent care or emergency services.

If you receive Covered Services from an non-*Anthem Blue Cross HMO provider* after we failed to provide you with accurate information in our provider directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, covered services will be covered at the *Anthem Blue Cross HMO provider* level.

Telehealth Provider Visits. Seeing a *doctor* by phone or video is a convenient way to get the care you need. Anthem contracts with telehealth companies to give you access to this kind of care. We want to make sure you know how your health benefits work when you see one of these providers:

- Your plan covers the telehealth visit just like an office visit with a *doctor* under your *plan*.
- Any out-of-pocket costs you have from the telehealth visit count toward your *plan's* Deductible and Out of Pocket Maximum, just like any other care you receive.
- You have a right to review the medical records from your telehealth visit.
- You have the right to have the medical records from your telehealth visit given to or shared with your *primary care doctor*, unless you tell us not to share them.

Our top priority is making sure you can get the healthcare you need, when you need it. If you have questions about how your *plan* covers telehealth visits, log in to [\[www.anthem.com\]](http://www.anthem.com) to view your benefits. Or call us at the Member Services number on your ID Card.

Surprise Billing Claims

Surprise Billing Claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this booklet. Please refer to that section for further details.

Connect with Us Using Our Mobile App

As soon as you enroll in this *plan*, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, [www.anthem.com]..

If You Need Help Choosing

We can help you choose a *doctor* who will meet your needs. We can also answer questions about a *health care provider's* license or training.

- ◆ Call our *Member Services number* on your Member ID card.
- ◆ Talk to the *Anthem Blue Cross HMO coordinator* at your *medical group*. Your *Anthem Blue Cross HMO coordinator* can also help you:
 - Understand the services and benefits you can get through Anthem Blue Cross HMO.
 - Get answers to any questions you may have about your *medical group*.

Changing Your Medical Group or Primary Care Doctor

You may find out later on that you need to change your *medical group*. You may move or you may have some other reason. Here's what you can do:

- ◆ Choose a different *medical group* by using our website at [www.anthem.com].

OR

- ◆ Call our *Member Services number* on your Member ID card. We will need to know why you want to change your *medical group*.

We will approve your request for a change if the *primary care doctor* within the new *medical group* you've picked is accepting new patients or is accepting new patients who are in the Course of

Treatment. As when you first enroll, you must live or work within our geographical service area.

We will ask you to explain any treatment you are currently receiving.

Anthem also allows you to change to a different *medical group* if you live or work within the our geographical service area, and you are not undergoing a course of treatment. Specifically, for purposes of this subsection, “course of treatment” is defined as follows:

- ◆ When you are inpatient in an acute care *facility*; inpatient at a *skilled nursing facility* at a skilled level of care; receiving other acute institutional care;
- ◆ When you are currently undergoing radiation or chemotherapy; or
- ◆ When you are pregnant and the pregnancy has reached the third trimester, defined as reaching the 27th week of pregnancy;
- ◆ When you are in the preparation and work up for a transplant;
- ◆ When you have been approved for an experimental or investigational procedure through your current participating *medical group*.

If you let us know you want to change your *medical group* and the new *primary care doctor* you choose accepts you by the fifteenth (15th) of the month, the change will take place on the first (1st) day of the next month. If you let us know you want to change your *medical group* and the new *primary care doctor* you choose accepts you after the fifteenth (15th) of the month, the change will take place on the first (1st) day of the month following the next month.

If you change your *medical group*, any referrals given to you by your previous *medical group* will not be accepted by your new *medical group*. If you still require a referral for care, you will need to request a referral from your new *primary care doctor* within your new *medical group*. This means your referral may require evaluation by your new *medical group* or us.

Please note that we or your new *medical group* may refer you to a different provider than the one approved by your prior *medical group*.

If you are changing *medical groups*, you may help the change go more smoothly by notifying your HMO Coordinator, if you currently have one assigned.

Anthem must approve your request to transfer and you must be assigned to the new *medical group* or *primary care doctor* before you obtain medical care from the new *medical group* or *primary care doctor*. If you obtain medical care from a different *medical group* or *primary care doctor* than you are assigned to, those services may be considered services provided by a non-Anthem Blue Cross HMO provider. If they are provided by a non-Anthem Blue Cross HMO provider, those services will not be covered and you will be responsible for the billed charges for those services.

When you move your residence or your place of employment outside of our geographical service area, you must notify Anthem in writing and request a transfer to another *medical group*. Anthem must be notified within thirty-one (31) days of your move in order to ensure timely access to services near you.

If you move outside of the HMO licensed service area, but you continue to reside in the state of California, contact Anthem to enroll in a different type of health care plan.

The actual effective date of the transfer will be the first day of the next month if your course of treatment ends prior to the 15th of the month. If your course of treatment ends after the 15th of the month, the effective date of the transfer will be the first day of the month following the next month.

Reproductive Health Care Services

Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *doctor, medical group, independent practice association*, or clinic, or call us at the *Member Services number* listed on your Member ID card to ensure that you can obtain the health care services that you need.

When You Need Care

When You Need Routine Care

- ◆ Call your *primary care doctor's* office.
- ◆ Make an appointment.

When you call:

- Tell them you are an Anthem Blue Cross HMO *member*.
 - Have your Member ID card handy. They may ask you for:
 - Your group number
 - Member I.D. number
 - Office visit *copay*
 - Tell them the reason for your visit.
- ◆ When you go for your appointment, bring your Member ID card.
 - ◆ Please call your *doctor's office* if you cannot come for your appointment, or if you will be late.
 - ◆ If you need care after normal office hours, call your *primary care doctor's* office for instructions.

When You Need a Referral

Your *doctor* may refer you to another *doctor* or *health care provider* if you need special care. Your *primary care doctor* must OK all the care you get except when you have an *emergency*.

Your *doctor's medical group*, or your *primary care doctor* if they are not part of a *medical group*, has to agree that the service or care you will be getting from the other *health care provider* is *medically necessary*. Otherwise it won't be covered.

- ◆ You will need to make the appointment at the other *doctor's* or *health care provider's office*.
- ◆ Your *primary care doctor* will give you a referral form to take with you to your appointment. This form gives you the OK to get this care. If you don't get this form, ask for it or talk to your *Anthem Blue Cross HMO coordinator*.
- ◆ You may have to pay a *copay*. If your *primary care doctor* refers you to a non-*Anthem Blue Cross HMO provider*, and you have to pay a *copay*, any fixed dollar *copay* will be the same as if you had the same service provided by an *Anthem Blue Cross HMO provider*. But, if your *copay* is other than a fixed dollar *copay*, while your benefits levels will not change, your out-of-pocket cost may be greater if the services are provided by a non-*Anthem Blue Cross HMO provider*. You shouldn't get a bill, unless it is for a *copay*, for this service. If you do, send it to your *Anthem Blue Cross HMO coordinator* right away. The *medical group*, or *primary care doctor* if they are not part of a *medical group*, will see that the bill is paid.

Standing Referrals. If you have a condition or disease that requires continuing care from a specialist or is life-threatening, degenerative, or disabling (including HIV or AIDS), your *primary care doctor* may give you a *standing referral* to a *specialist* or *specialty care center*. The referral will be made if your *primary care doctor*, in consultation with you, and a *specialist* or *specialty care center*, if any, determine that continuing specialized care is *medically necessary* for your condition or disease.

If it is determined that you need a *standing referral* for your condition or disease, a treatment plan will be set up for you. The treatment plan:

- ◆ Will describe the specialized care you will receive;
- ◆ May limit the number of visits to the *specialist*; or
- ◆ May limit the period of time that visits may be made to the *specialist*.

If a *standing referral* is authorized, your *primary care doctor* will determine which *specialist* or *specialty care center* to send you to in the following order:

- ◆ First, an Anthem Blue Cross HMO contracting *specialist* or *specialty care center* which is associated with your *medical group*;
- ◆ Second, any Anthem Blue Cross HMO contracting *specialist* or *specialty care center*; and
- ◆ Last, any *specialist* or *specialty care center*;

that has the expertise to provide the care you need for your condition or disease.

After the referral is made, the *specialist* or *specialty care center* will be authorized to provide you health care services that are within the *specialist's* area of expertise and training in the same manner as your *primary care doctor*, subject to the terms of the treatment plan.

Remember: We only pay for the number of visits and the type of special care that your *primary care doctor* OK's. Call your *doctor* if you need more care. **If your care isn't approved ahead of time, you will have to pay for it (except for emergencies.)**

If you receive covered non-emergency services at an *Anthem Blue Cross HMO hospital or facility* in California, at which, or as a result of which, you receive services provided by a non-*Anthem Blue Cross HMO provider*, you will pay no more than the same cost sharing that you would pay for the same covered services received from an *Anthem Blue Cross HMO provider*.

Ready Access

There are two ways you may get special care without getting an OK from your *medical group*. These two ways are the "Direct Access" and "Speedy Referral." programs. **Not all medical groups take part in the Ready Access program. See your Anthem Blue Cross HMO Directory for those that do.**

Direct Access. You may be able to get some special care without an OK from your *primary care doctor*. We have a program called "Direct Access", which lets you get special care, without an OK from your *primary care doctor* for:

- ◆ Allergy
- ◆ Dermatology
- ◆ Ear/Nose/Throat

Ask your *Anthem Blue Cross HMO coordinator* if your *medical group* takes part in the "Direct Access" program. If your *medical group* participates in the Direct Access program, you must still get your care from a *doctor* who works with your *medical group*. The *Anthem Blue Cross HMO coordinator* will give you a list of those *doctors*.

Speedy Referral. If you need special care, your *primary care doctor* may be able to refer you for it without getting an OK from your *medical group* first. The types of special care you can get through Speedy Referral depend on your *medical group*.

Obstetrical and Gynecological Care

Obstetrical and gynecological services may be received directly, without obtaining referral, from an obstetrician and gynecologist or family practice physician who is a member of your *medical group*, or who has an arrangement with your *medical group* to provide care for its patients, and who has been identified by your *medical group* as available for providing obstetrical and gynecological care.

- ◆ A *doctor* specializing in obstetrical or gynecological care may refer you to another *doctor* or *health care provider* and order related obstetrical and gynecological items and services if you need additional *medically necessary* care.
- ◆ The conditions for a referral from a *doctor* specializing in obstetrical or gynecological care are the same conditions for a referral from your *participating care doctor*. See **When You Need a Referral**.
- ◆ Ask your *Anthem Blue Cross HMO coordinator* for the list of OB-GYN health care providers you must choose from.

Reproductive or Sexual Health Care Services

Reproductive or sexual health care services may be received directly, without obtaining referral from your *primary care doctor* or *medical group*.

Transgender Services

You may get coverage for services and supplies provided in connection with gender transition without getting an OK from your *medical group*.

You must obtain our approval in advance for all transgender services in order for these services to be covered by this *plan* (see “Medical Management Programs” for details). No benefits are payable for these services if our approval is not obtained. Please see “Transgender Services” in the section called “Your Benefits At Anthem Blue Cross HMO” for complete information.

When You Want a Second Opinion

You may receive a second opinion about care you receive from:

- ◆ Your *primary care doctor*, or
- ◆ A *specialist* to whom you were referred by your *primary care doctor*.

Reasons for asking for a second opinion include, but are not limited to:

- ◆ Questions about whether recommended surgical procedures are reasonable or necessary.
- ◆ Questions about the diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including but not limited to a serious chronic condition.
- ◆ The clinical indications are not clear or are complex and confusing.
- ◆ A diagnosis is in doubt because of test results that do not agree.
- ◆ The first *doctor* or *health care provider* is unable to diagnose the condition.

- ◆ The treatment plan in progress is not improving your medical condition within an appropriate period of time.
- ◆ You have tried to follow the treatment plan or you have talked with the *doctor* or *health care provider* about serious concerns you have about your diagnosis or plan of care.

To ask for a second opinion about care you received from your *primary care doctor* if your *primary care doctor* is part of a *medical group*, call your *primary care doctor* or your *Anthem Blue Cross HMO coordinator* at your *medical group*. The second opinion will be provided by a qualified *doctor* or *health care provider* of your choice who is part of your *medical group*.

To ask for a second opinion about care you received from:

- ◆ Your *primary care doctor* if he or she is an independently contracting *primary care doctor* (not part of a *medical group*),
or
- ◆ Any *specialist*,

please call the Member Services number shown on your ID card. The Member Services Representative will verify your Anthem Blue Cross HMO membership, get preliminary information, and give your request to an RN Case Manager. The second opinion will be provided by a qualified *doctor* or *health care provider* of your choice who is part of the Anthem Blue Cross HMO network. Please note that if your *primary care doctor* is part of a *medical group*, the *doctor* or *health care provider* who provides the second opinion may not necessarily be part of your *medical group*.

For any second opinion, if there is no appropriately qualified *doctor* or *health care provider* in the Anthem Blue Cross HMO network, we will authorize a second opinion by another appropriately qualified *doctor* or *health care provider*, taking into account your ability to travel.

A decision is made in a timely fashion appropriate for the nature of the *member's* condition, not to exceed five (5) business days of receipt of the information reasonably necessary to make a decision. Decisions on urgent requests are made within a time frame appropriate to your medical condition, not to exceed seventy-two (72) hours of our receipt of the information reasonably necessary to make a decision.

When approved, your *primary care doctor* or Case Manager helps you with selecting a *doctor* or *health care provider* who will provide the second opinion within a reasonable travel distance and makes arrangements for your appointment at a time convenient for you and appropriate to your medical condition. If your medical condition is serious, your appointment will be scheduled within no more than seventy-two (72) hours. You must pay only your usual *copay* for the second opinion.

An approval letter is sent to you and the *doctor* or *health care provider* who will provide the second opinion. The letter includes the services approved and the date of your scheduled appointment. It also includes a telephone number to call if you have questions or need additional help. Approval is for the second opinion consultation only. It does not include any other services such as lab, x-ray, or additional treatment. You and your *primary care doctor* or *specialist* will get a copy of the second opinion report, which includes any recommended diagnostic testing or procedures. When you get the report, you and your *primary care doctor* or *specialist* should work together to determine your treatment options and develop a treatment plan. Your *medical group* (or your *primary care doctor*, if he or she is an independently contracting *primary care doctor*) must authorize all follow-up care.

You may appeal a disapproval decision by following our complaint process. Procedures for filing a complaint are described later in this booklet (see "How to Make a Complaint") and in your denial letter.

If you have questions or need more information about this program, please contact your *Anthem Blue Cross HMO coordinator* at your *medical group* or call the *Member Services number* shown on your Member ID card.

When You Need a Hospital Stay

There may be a time when your *primary care doctor* says you need to go to the *hospital*. If it is not an *emergency*, the *medical group* or Anthem will look into whether or not it is *medically necessary*. If your *hospital stay* is OK'd, you will need to go to a *hospital* that works with your *medical group*.

When There is an Emergency

If you need *emergency services*, get the medical care you need right away. In some areas, there is a 9-1-1 emergency response system that you may call for *emergency services* (this system is to be used only when there is an *emergency* that requires an emergency response).

- ◆ Once you are stabilized, your *primary care doctor* or Anthem must OK any care you need after that.
- ◆ Ask the *hospital* or emergency room *doctor* to call your *primary care doctor*.
- ◆ Your *primary care doctor* or Anthem will OK any other *medically necessary* care or will take over your care.

You may need to pay a *copay* for emergency room services. A *copay* is a set amount you must pay for services. We cover the rest.

If You Are In-Area. You are in-area if you are 15-miles or 30-minutes or less from your *medical group* (or 15-miles or 30-minutes or less from your *medical group's hospital*, if your *medical group* is an *independent practice association*).

If you need *emergency services*, get the medical care you need right away. If you want, you may also call your *primary care doctor* and follow his or her instructions.

Your *primary care doctor* or *medical group* may:

- ◆ Ask you to come into their office;
- ◆ Give you the name of a *hospital* or emergency room and tell you to go there;
- ◆ Order an ambulance for you;
- ◆ Give you the name of another doctor or medical group and tell you to go there; or
- ◆ Tell you to call the 9-1-1 emergency response system.

If You're Out of Area. You can still get *emergency services* if you are more than 15-miles or 30-minutes away from your *primary care doctor* or *medical group*.

If you need *emergency services*, get the medical care you need right away (follow the instructions above for When There is an Emergency). In some areas, there is a 9-1-1 emergency response system that you may call for *emergency services* (this system is to be used only when there is an *emergency* that requires an emergency response). You must call us within 48 hours if you are admitted to a *hospital*.

Remember:

- ◆ We won't cover services that don't fit what we mean by *emergency services*.
- ◆ Your *primary care doctor* must OK care you get once you are stabilized, unless Anthem Blue Cross HMO OKs it.
- ◆ Once your *medical group* or Anthem Blue Cross HMO give an OK for *emergency services*, they cannot withdraw it.

You Need Urgent Care

If You Are In-Area. You are in-area if you are 15-miles or 30-minutes or less from your *medical group* (or 15-miles or 30-minutes or less from your *medical group's hospital*, if your *medical group* is an *independent practice association*).

If you are in area, call your *primary care doctor* or *medical group*. Follow their instructions.

Your *primary care doctor* or *medical group* may:

- ◆ Ask you to come into their office;
- ◆ Give you the name of a *hospital* or emergency room and tell you to go there;
- ◆ Order an ambulance for you;
- ◆ Give you the name of another doctor or medical group and tell you to go there; or
- ◆ Tell you to call the 9-1-1 emergency response system.

Please note: In-area *urgent care* services are only covered if they are provided by your *primary care doctor* or *medical group*. *Urgent care* services received by any other provider while in-area will not be covered.

If You're Out of Area. You can get *urgent care* if you are more than 15-miles or 30-minutes away from your *primary care doctor* or *medical group*.

For *urgent care*, if care can't wait until you get back to make an appointment with your *primary care doctor*, get the medical care you need right away. You must call us within 48 hours if you are admitted to a *hospital*.

If you need a *hospital stay* or long-term care, we'll check on your progress. When you are able to be moved, we'll help you return to your *primary care doctor's* or *medical group's* area.

Remember:

- ◆ We won't cover services that don't fit what we mean by *urgent care*.
- ◆ Your *primary care doctor* must OK care you get once you are stabilized, unless Anthem Blue Cross HMO OKs it.

Triage and Screening Services

If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, please contact your *primary care doctor*. In addition, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a *doctor* or nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the 24/7 NurseLine at the telephone number listed on your identification card 24 hours a day, 7 days a week.

RelayHealth. We have made arrangements with RelayHealth to provide an online health care information and communication program. Through this private, secure internet program, you can consult your *doctor*, request prescription refills, schedule appointments, and get lab results.

Timely Access to Care

Anthem has contracted with *health care providers* to provide covered services in a manner appropriate for your condition, consistent with good professional practice. Anthem ensures that its contracted *health care provider* networks have the capacity and availability to offer appointments within the following timeframes:

- **Urgent Care appointments for services that do not require prior authorization:** within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization:** within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments for primary care:** within ten (10) business days of the request for an appointment;
- **Non-Urgent follow up appointments with mental health and substance use disorder providers who are not psychiatrists:** within ten (10) business days of the prior appointment for those undergoing a course of treatment for an

ongoing *mental health or substance use disorder* condition.

This does not limit coverage to once every 10 business days;

- **Non-Urgent appointments with specialists:** within fifteen (15) business days of the request for an appointment;
- **Appointments for ancillary services (diagnosis or treatment of an injury, illness or other health condition) that are not urgent care:** within fifteen (15) business days of the request for an appointment.

If a *health care provider* determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the *health care provider* may schedule an appointment for a later time than noted above.

Anthem arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If Anthem contracts with a *health care provider* for telephone triage or screening services, the *health care provider* will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait time for a return call from the *health care provider* or how the *member* may obtain *urgent care* or *emergency services* or how to contact another *health care provider* who is on-call for telephone triage or screening services.

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an appointment with an *Anthem Blue Cross* HMO provider.

Your Benefits at Anthem Blue Cross HMO

It's important to remember:

- ◆ The benefits of this *plan* are given only for those services that the *medical group* or Anthem finds are *medically necessary*.
- ◆ Care must be received from your *primary care doctor* or another *Anthem Blue Cross HMO Provider* to be a covered service under this *plan*. If you use a non-*Anthem Blue Cross HMO provider*, your entire claim will be denied unless:
- ◆ The services are for *emergency* or out-of-area *urgent care*;
- ◆ The services are approved in advance by us as an *authorized referral*; or
- ◆ You receive covered non-*emergency* services at an *Anthem Blue Cross HMO hospital* or *facility* at which, or as a result of which, you receive services provided by a non-*Anthem Blue Cross HMO provider*; in such case you will pay no more than the same cost sharing that you would pay for the same covered services received from an *Anthem Blue Cross HMO provider*.
- ◆ Just because a *doctor* orders a service, it doesn't mean that:
 - The service is *medically necessary*; or
 - This *plan* covers it.
- ◆ If you have any questions about what services are covered, read this booklet, or give us a call at the number on your Member ID card.
- ◆ All benefits are subject to coordination with benefits available under certain other plans.
- ◆ We have the right to be repaid by a third party for medical care we cover if your injury, disease or other health problem is their fault or responsibility.

- ◆ Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking *emergency services*, out-of-area *urgent care* services or an *authorized referral* in accordance with this *plan* from non-Anthem Blue Cross HMO provider could be balanced billed by the non-Anthem Blue Cross HMO provider for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

What are Copays?

A *copay* is a set amount you pay for each medical service or *prescription drug*. You need to pay a *copay* for some services given under this *plan*, but many other supplies and services do not need a *copay*. Usually, you must pay the *copay* at the time you get the services. The *copays* you need to pay for services are shown in the next section.

If you do not pay your *copay* within 31 days from the date it's due, we have the right to cancel your coverage under the *plan*. To find out how your coverage is cancelled if you do not pay your *copay*, see "How Your Coverage Ends", in the section "What You Should Know about Your Coverage", (see Table of Contents).

Here are the Copay Limits

If you pay more than the *Copay Limits* shown below in one calendar year (January through December), you won't need to pay any more *copays* for the rest of the year.

Per Number of Members	Copay Limits
-----------------------	--------------

- One *Member*.....\$ 500
- Two *Members* of the Same Family\$1,000*
- Three or More *Members* of the Same Family\$1,500*

*But, not more than \$500 for any one *Member* in a Family. For any given family member, the *Copay Limit* is met either after he/she meets the amount for *Member*, or after the entire family *Copay Limit* is met. The family *Copay Limit* can be met by any combination of amounts from any family member.

The following won't apply to the *Copay Limits*:

- ♦ Amounts in excess of the *prescription drug maximum allowed amount*.
- ♦ For infertility, any *copay* for diagnosis and testing for finding out about it and services for treatment of it.

Crediting Prior Plan Coverage

If you were covered by your employer's *prior plan* immediately before your employer signs up with us, with no lapse in coverage, then you will get credit for any accrued deductible and, if applicable and approved by us, any *Copay Limit* under the *prior plan*. This does not apply to individuals who were not covered by the *prior plan* on the day before your employer's coverage with us began, or who join your employer later.

If your employer moves from one of our plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued deductible and any *Copay Limit*, if applicable and approved by us.

If your employer offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued deductible and, if applicable, any *Copay Limit*.

If your employer offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued deductible and any *Copay Limit* under this *plan*.

This Section Does Not Apply To You If:

- ◆ Your employer moves to this *plan* at the beginning of each year;
- ◆ You change from one of our individual policies to a group plan;
- ◆ You change employers; or
- ◆ You are a new *member* who joins after your employer initial enrollment with us.

Important Notice about Your Deductible and Copay Limit Accrual Balances

If you have questions or wish to opt-out of these mailed accrual notifications and receive the notifications electronically, call the Member

Services number on the back of your ID card or access our website at www.anthem.com

Clinical Trials	Copay
-----------------	-------

Routine patient costs, as described below, for an approved clinical trial.....**See copays that apply**

Coverage is provided for routine patient care costs you receive as a participant in an approved clinical trial. A “qualified enrollee” means that you meet both of the following conditions:

- a) You are eligible to participate in an approved clinical trial, according to the clinical trial protocol, for the treatment of cancer or another life-threatening disease or condition.
- b) Either of the following applies:
 - i. The referring health care professional is an *Anthem Blue Cross HMO provider* and has concluded that your participation in the clinical trial would be appropriate because you meet the conditions of subparagraph (a).
 - ii. You provide medical and scientific information establishing that your participation in the clinical trial would be appropriate because you meet the conditions of subparagraph (a).

The services must be those that are listed as covered by this *plan* for *members* who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the *plan*, including:

- Drugs, items, devices, and services typically covered absent a clinical trial;
- Drugs, items, devices, and services required solely for the provision of an investigational drug, item, device, or service;

- Drugs, items, devices, and services needed for the reasonable and necessary care arising from the provision of the investigational drug, item, device, or service, including diagnosis and treatment of complications.

Cost sharing (copayments, coinsurance, and deductibles) for routine patient care costs will be the same as that applied to the same services not delivered in a clinical trial, except that the *Anthem Blue Cross HMO provider* cost sharing and Copay Limits will apply if the clinical trial is not offered or available through an *Anthem Blue Cross HMO provider*.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

Coverage is limited to the following clinical trials:

- ◆ Federally funded trials approved or funded by one or more of the following:
 - The National Institutes of Health,
 - The Centers for Disease Control and Prevention,
 - The Agency for Health Care Research and Quality,

 - The Department of Veterans Affairs,
 - The Department of Defense, or
 - The Department of Energy.
- ◆ Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

Participation in the clinical trial must be recommended by your *primary care doctor* after deciding it will help you. If the clinical trial is not provided by or through your *medical group*, your *primary care doctor* will refer you to the *doctor* or *health care provider* who provides the clinical trial. Please see “When You Need a Referral” in the section called “When You Need Care” for information about referrals. You will only have to pay your normal copays for the services you get.

If one or more *Anthem Blue Cross HMO providers* is conducting an approved clinical trial, your *plan* may require you to use an *Anthem Blue Cross HMO provider* to utilize or maximize your benefits if the *Anthem Blue Cross HMO provider* accepts you as a clinical trial participant. It may also require that an approved clinical trial be located in California, unless the clinical trial is not offered or available through an *Anthem Blue Cross HMO provider* in California.

All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include any of the costs associated with any of the following:

- ◆ The investigational item, device, or service.
- ◆ Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.
- ◆ Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

- ◆ Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

Note: You will pay for costs of services that are not covered.

If you do not agree with the coverage or medical necessity of possible clinical trial services, please read the “Independent Medical Review of Complaints Involving a Disputed Health Care Service” (see Table of Contents).

Ambulance	Copay
-----------	-------

Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- ◆ For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved *facility*.
- ◆ For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,

- Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
- Between a hospital and another approved *facility*.

Non-emergency ambulance services are subject to medical necessity reviews by us or your *medical group*. *Emergency* ground ambulance services do not require pre-service review. When using an air ambulance in a non-emergency situation, we or your *medical group* reserve the right to select the air ambulance provider. If you do not use the air ambulance selected in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest *facility* that can provide care for your condition. In certain cases, coverage may be approved for transportation to a *facility* that is not the nearest *facility*.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *doctor* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- ◆ A *doctor's* office or clinic;
- ◆ A morgue or funeral home.

If provided through the 911 emergency response system, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*.

Your copays for covered ambulance services are:

- ◆ Base charge and mileage **No charge**

- ◆ Disposable supplies **No charge**
- ◆ Monitoring, EKG's or ECG's,
cardiac defibrillation, CPR, oxygen,
and IV solutions **No charge**

IN SOME AREAS, THERE IS A 9-1-1 EMERGENCY RESPONSE SYSTEM. THIS SYSTEM IS TO BE USED ONLY WHEN THERE IS AN *EMERGENCY*.

IF YOU REASONABLY BELIEVE THAT YOU ARE EXPERIENCING AN EMERGENCY, YOU SHOULD CALL 9-1-1 OR GO DIRECTLY TO THE NEAREST HOSPITAL EMERGENCY ROOM. PLEASE USE THE 9-1-1 SYSTEM FOR MEDICAL EMERGENCIES ONLY.

Important information about air ambulance coverage.

Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility or a rehabilitation *facility*), or if you are taken to a *doctor's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*.

For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *doctor* prefers a specific *hospital* or *doctor*.

Benefits for those *prescription drugs* are described in the “Getting Prescription Drugs” section.

Important Details About Prescription Drug Coverage

Your *plan* includes certain features to determine when *prescription drugs* should be covered, as written. As part of these features, your prescribing *doctor* may be asked to give more details before we can decide if the *prescription drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements based on one or more of the following:

- Specific clinical criteria and/or recommendations made by state or federal agencies (including, but not limited to, requirements regarding age, test result requirements, presence of a specific condition or disease, quantity, dose and/or frequency of administration);
- Specific *doctor* qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies) as recommended by the FDA;

- Step therapy requiring one *prescription drug*, *prescription drug* regimen, or treatment be used prior to use of another *prescription drug*, *prescription drug* regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of an Anthem *prescription drug formulary* which is a list of FDA-approved *prescription drugs* that have been reviewed and recommended for use based on their quality and cost effectiveness.

If you or your prescribing *doctor* disagree with our decision, you may file an exception request. Please see the subsection “Exception Request for a Quantity, Dose or Frequency Limitation, Step Therapy, or a Drug not on the Prescription Drug Formulary” under the section “Getting Prescription Drugs”.

Covered Prescription Drugs

To be a covered service, *prescription drugs* must be approved by the Food and Drug Administration (FDA) and, under federal law, require a prescription. *Prescription drugs* must be prescribed by a licensed *doctor* and controlled substances must be prescribed by a licensed *doctor* with an active DEA license.

Compound drugs are a covered service when a commercially available dosage form of a *medically necessary* medication is not available, all the ingredients of the *compound drug* are FDA approved in the form in which they are used in the *compound drug* and as designated in the FDA’s Orange Book: *Approved Drug Products with Therapeutic Equivalence Evaluations*, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain *prescription drugs* to help make sure proper use and guidelines for *prescription drug*

coverage are followed. Requests for precertification must be submitted by your *doctor* using the required uniform prior authorization form. If you're requesting an exception to the step therapy process, your *doctor* must use the same form.

Upon receiving the completed form, for either precertification or step therapy exceptions, we will review the request and give our decision to both you and your *doctor* within the following time periods:

- 72 hours for non-urgent requests, or
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a *drug* not covered by the *plan*.

For a list of *prescription drugs* that need precertification, please call the phone number on the back of your Identification Card.

The list will be reviewed and updated from time to time.

Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *doctor* may check with us to verify *prescription drug* coverage, to find out which *drugs* are covered under this section and if any drug edits apply.

If precertification is denied you have the right to file a Grievance as outlined in the "How to Make a Complaint" section of this booklet.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your *doctors* about alternatives to certain prescribed *drugs*. We may contact you and your *doctor* to make you aware of these choices. Only you and your *doctor* can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic *drug* substitutes, call Pharmacy Member Services at the phone number on the back of your Identification Card.

Medical Management Programs

In order to be covered by this *plan*, most services must be provided or coordinated by your *primary care doctor* and OK'd by your *medical group* or Anthem. These services include scheduled non-emergency hospital or skilled nursing facility stays; non-emergency outpatient services or surgeries; transplant and bariatric services; visits for physical therapy, physical medicine, occupational therapy and chiropractic services; durable medical equipment; infusion or home therapy; home health care; and diagnostic and laboratory procedures.

Exceptions to this rule are explained in the section “When You Need Care” earlier in this booklet. You may get care for the treatment of certain conditions directly, without getting an OK from your *medical group*. Some of these services must however be reviewed and approved by us in advance, through our Medical Management Programs, which consist of the Utilization Review Program and the Authorization Program.

The services that need to be reviewed and approved by us are also indicated as such in the “What We Cover” section. You’re also welcome to call the *Member Services number* on your *member ID* card for a list of services that need to be reviewed.

We will pay benefits only if you are covered at the time you get services, and our payment will follow the terms and requirements of this *plan*.

Utilization Review Program

Your Plan includes the process of utilization review to decide when services are Medically Necessary or *experimental / investigative* as those terms are defined in “Important Words to Know” section. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing where services are provided

A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not *medically necessary* for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or *facility* may need to be used in order for the service to be considered *medically necessary*. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a *hospital* but may be approvable if provided on an outpatient basis at a *hospital*.
- A service may be denied on an outpatient basis at a *hospital* but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a *doctor's* office.
- A service may be denied at a *skilled nursing facility* but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate. “Clinically equivalent” means treatments that for most *members*, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your identification card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

- ◆ You must be eligible for benefits;
- ◆ The service or supply must be covered under your *plan*;
- ◆ The service cannot be subject to an exclusion under your plan (please see “What We Do Not Cover” for more information); and
- ◆ You must not have exceeded any applicable limits under your *plan*.

Types of Reviews

- ◆ **Pre-service review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following *emergency* care, you, your authorized representative or *doctor* must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- ◆ **Continued Stay** - A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a *hospital* or course of treatment.

Both pre-service and continued stay may be considered urgent when, in the view of the treating provider or any *doctor* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- ◆ **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us or your *medical group*, as applicable, to determine whether they are *medically necessary*) include, but are not limited to, the following:

- ◆ Air-ambulance services for non-emergency *hospital to hospital* transfers;
- ◆ Certain non-emergency ground ambulance services;
- ◆ Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of “What We Cover”. A *doctor* must diagnose you with Gender Identity Disorder or Gender Dysphoria; and
- ◆ Other specific procedures, wherever performed, as specified by us.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your identification card.

Who is Responsible for Precertification?

Typically, *Anthem Blue Cross HMO providers* know which services need precertification and will get any precertification when needed. Your *medical group* or *primary care doctor* and other *Anthem Blue Cross HMO providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the *doctor* or *hospital* will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

How Decisions are Made

Our clinical coverage guidelines, such as medical policy, clinical guidelines and other applicable policies and procedures are used to help make medical necessity decisions. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card. You can also find our medical policies on our website at www.anthem.com.

If you are not satisfied with the decision under this section of your benefits, please refer to the section entitled “How to Make a Complaint” to see what rights may be available to you.

Decision and Notice Requirements

Requests for medical necessity will be reviewed according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, state laws will be followed. If you live in and/or get services in a state other than the state where your *plan* was issued other state-specific requirements may apply. You may call the phone number on the back of your ID card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service	72 hours from the receipt of the request
Non-Urgent Pre-Service	5 business days from the receipt of the request
Continued Stay Review when hospitalized at the time of the request and no previous authorization exists	72 hours from the receipt of the request
Urgent Continued Stay Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay Review when request is received less than 24 hours before the end of the	72 hours from the receipt of the request

Request Category	Timeframe Requirement for Decision
previous authorization	
Non-Urgent Continued Stay Review	5 business days from the receipt of the request
Post-service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the requesting provider will be informed of the specific information needed to finish the review. If the specific information needed is not received by the required timeframe, a decision will be made based upon the information received up to that point.

You and your doctor will be notified of the decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the Medical Necessity Review Process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision.

Anthem will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- ◆ Your coverage under this *plan* ends;
- ◆ The *agreement* with the *group* terminates;
- ◆ You reach a benefit maximum that applies to the service in question;

- ◆ Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

Authorization Program

The authorization program provides prior approval for medical care or service by a non- *Anthem Blue Cross HMO provider*. The service you receive must be a covered benefit of this *plan*.

You must get approval before you get any non-emergency or non-urgent service from a non-*Anthem Blue Cross HMO provider* for the following services:

- ◆ Transgender services, including transgender travel expense, and
- ◆ Other specific procedures, wherever performed, as specified by us.

The toll-free number to call for prior approval is on your Member ID card.

If you get any of these services, and do not follow the procedures set forth in this section, no benefits will be provided for that service.

Authorized Referrals. In order for the benefits of this *plan* to be provided, you must get approval **before** you get services from non-*Anthem Blue Cross HMO providers*. When you get proper approvals, these services are called *authorized referral* services.

Effect on Benefits. If you receive *authorized referral* services from a non-*Anthem Blue Cross HMO provider*, the applicable *Anthem Blue Cross HMO provider* copays will apply. When you do not get a referral, **no benefits are provided** for services received from a non-*Anthem Blue Cross HMO provider*.

If you receive covered non-emergency services at an *Anthem Blue Cross HMO hospital or facility* at which, or as a result of which, you receive services provided by a non-*Anthem Blue Cross HMO provider*, you will pay no more than the same cost sharing that you would pay for the same covered services received from an *Anthem Blue Cross HMO provider*.

How to Get an Authorized Referral. You or your *doctor* must call the toll-free telephone number on your Member ID card **before** scheduling an admission to, or before you get the services of, a non-*Anthem Blue Cross HMO provider*.

When an Authorized Referral Will be Provided. Referrals to non-*Anthem Blue Cross HMO providers* will be approved only when all of the following conditions are met:

- ◆ There is no *Anthem Blue Cross HMO provider* who practices the specialty you need, provides the required services or has the necessary facilities; AND
- ◆ You are referred to the non-*Anthem Blue Cross HMO provider* by a *doctor* who is an *Anthem Blue Cross HMO provider*; AND
- ◆ We authorize the services as *medically necessary* before you get the services.

Exceptions to the Medical Management Program

From time to time, we may waive, enhance, modify, or discontinue certain medical management processes (including utilization review) if such a change furthers the provision of cost effective, value based and quality services. In addition, we may select certain qualifying health care providers to participate in a program or a *doctor* arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt claims from medical review if certain conditions apply.

If we exempt a process, health care provider, or claim from the standards that would otherwise apply, we are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. We may stop or modify any such exemption with or without advance notice.

We also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's members*.

You may determine whether a health care provider participates in certain programs by checking our online provider directory on our website at www.anthem.com/ca or by calling us at the Member Services telephone number listed on your ID card.

Health Plan Individual Case Management

The health plan individual case management program enables us to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, we discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor do we have an obligation to provide it.

How Health Plan Individual Case Management Works

Our health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *doctors*, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a covered service. We may also extend services beyond the benefit maximums of this *plan*. We will make our decision case-by-case, if the alternate or extended benefit is in the best interest of the *member* and us. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

What We Do Not Cover

It's important for you to know that we are not able to cover all the care you may want. Some services and supplies are not covered and some have limited benefits.

Remember:

In most cases, you cannot get any care that has not been OK'd by your *primary care doctor*, your *medical group*, or Anthem Blue Cross.

Kinds of Services You Cannot Get with this Plan

- ◆ **Care Not Approved.** Care you got from a health care provider without the OK of your *primary care doctor* or a *doctor* specializing in OB-GYN in your *medical group*, except for *emergency services* or out-of-area *urgent care*. If, however, you receive covered non-emergency services at an *Anthem Blue Cross HMO hospital* or *facility* at which, or as a result of which, you receive services provided by a non-*Anthem Blue Cross HMO provider*, you will pay no more than the same cost sharing that you would pay for the same covered services received from an *Anthem Blue Cross HMO provider*.

If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. If you or your *doctor* believes you need to use a different *prescription drug*, please have your *doctor* or pharmacist get in touch with us. - ◆ Show your Member ID card.
- ◆ Pay the *copay* when you get the medicine. You must also pay for any medicine or supplies that are not covered under the *plan*.

- Says they cannot give you your medicine; or
- Must have an additional *copay*;

this is not considered an adverse claim decision. If you want your medicine now, you will have to pay the cost for it and submit a claim to Prescription Drug Program (see Submitting a claim, below). (Please note that we contract with a *pharmacy benefit manager* to provide prescription drug benefits. Neither they nor their *member drugstores* are employees of Anthem. . They are independent contractors.)

Important Note: If we determine that you may be using *prescription drugs* in a harmful or abusive manner, or with harmful frequency, your selection of member *drugstores* may be limited. If this happens, we may require you to select a single member *drugstore* that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single member *drugstore*.

We will contact you if we determine that use of a single member *drugstore* is needed and give you options as to which member *drugstore* you may use. If you do not select one of the member *drugstores* we offer within 31 days, we will select a single member *drugstore* for you. If you disagree with our decision, you may ask us to reconsider it as described in the section called "How to Make a Complaint".

In addition, if we determine that you may be using *controlled substance prescription drugs* in a harmful or abusive manner, or with harmful frequency, your selection of *Anthem Blue Cross HMO providers* for *controlled substance prescriptions* may be limited. If this happens, we may require you to select a single *Anthem Blue Cross HMO provider* that will provide and coordinate all *controlled substance prescriptions*. Benefits for *controlled substance prescriptions* will only be paid if you use the single *Anthem Blue Cross HMO provider*. We will contact you if we determine that use of a single *Anthem Blue Cross HMO provider* is needed and give you options as to which *Anthem Blue Cross HMO providers* you may use. If you do not select one of the *Anthem Blue Cross HMO provider* we offer within 31 days, we will select a single *Anthem Blue Cross HMO provider* for you.

If you disagree with our decision, you may ask us to reconsider it as outlined in the "How to Make a Complaint" section of this *plan*.

Getting Your Medicine Through the Specialty Pharmacy

Certain specified *specialty drugs* must be obtained through the specialty pharmacy program unless you are given an exception from the specialty drug program (see the introduction of this section, Getting Prescription Drugs). These specified *specialty drugs* that must be obtained through the Specialty Pharmacy Program are limited up to a 30-day supply. The Specialty Pharmacy Program will deliver your medication to you by mail or common carrier (you cannot pick up your medication from them).

You or your *doctor* may order your *specialty drug* by calling the number on the back of your ID Card. When you call the Specialty Pharmacy Program, a Dedicated Care Coordinator will guide you through the process up to and including actual delivery of your *specialty drug* to you. (If you order your *specialty drug* by telephone, you will need to use a credit card or debit card to pay for it.)

You may also submit your *specialty drug* prescription with the appropriate payment for the amount of the purchase (you can pay by check, money order, credit card or debit card), and a properly completed order form to the Specialty Pharmacy Program at the address shown below. Once you have met your deductible, if any, you will only have to pay your *copay*.

With few exceptions, most orally administered anti-cancer medications are considered *specialty drugs*. For orally administered anti-cancer medications, the *prescription drug* deductible, if any, will not apply and the copayment will not exceed the lesser of the applicable copayment shown below or \$250 for a 30-day supply for medications obtained at a retail *drugstore* or \$750 for a 90-day supply for medications obtained through home delivery.

The first time you get a *prescription* for a *specialty drug* you must also include a completed Intake Referral Form. The Intake Referral Form is to be completed by calling the toll-free number below. You need only enclose the *prescription* or refill notice, and the appropriate payment for any subsequent *specialty drug* prescriptions, or call the toll-free number. *Copays* can be made by check, money order, credit card or debit card.

You or your *physician* may obtain order forms or a list of *specialty drugs* that must be obtained through specialty pharmacy program by contacting Member Services at the number listed on your ID card or online at www.anthem.com/ca.

Specified *specialty drugs* must be obtained through the Specialty Pharmacy Program. When these specified *specialty drugs* are not obtained through the Specialty Pharmacy Program, and you do not have an exception, you will not receive any benefits for these *drugs* under this plan.

What You Will Need to Pay

You will need to pay the following *copays* for each *prescription*.

Note: For FDA-approved, *self-administered hormonal contraceptives*, up to a 12-month supply is covered when dispensed or furnished at one time by a provider or pharmacist, or at a location licensed or otherwise authorized to dispense *drugs* or supplies.

Exception to Prescription Drug Co-Payments

- ◆ “Preventive Prescription Drugs and Other Items” covered under Getting Prescription Drugs **No charge**

Your copayment for orally-administered anti-cancer medications will not exceed the lesser of any applicable copayment listed above or:

Your copayment for all *drugs* covered under this *plan* will not exceed the lesser of any applicable copayment listed above or:

For a 30-day supply from a retail *drugstore* **\$250**

For a 90-day supply through home delivery **\$750**

Your costshare will be prorated for partial fills of prescribed oral, solid dosage forms of Schedule II controlled substances. A partial fill means a part of a *prescription* filled that is of a quantity less than the entire *prescription*.

Note: If your *drugstore’s* retail price for a drug is less than the copay shown above, you will not be required to pay more than that retail price.

You will always have to pay for costs that this *plan* does not cover.

Half-tab Program

The Half-Tablet Program allows you to pay a reduced co-payment on selected “once daily dosage” medications. The Half-Tablet Program allows you to obtain a 30-day supply (15 tablets) of a higher strength version of your medication when the prescription is written by the *doctor* to take “½ tablet daily” of those medications on an list approved by us. The *Pharmacy and Therapeutics Process* will determine additions and deletions to the approved list. The Half-Tablet Program is strictly voluntary and your decision to participate should follow consultation with and the concurrence of your *doctor*. To obtain a list of the products available on this program call the number on the back of your ID Card or go to our internet website www.anthem.com/ca.

Split Fill Dispensing Program

The split fill program is designed to prevent and/or minimize wasted *prescription drugs* if your *prescription* or dose changes between fills, by allowing only a portion of your *prescription* to be obtained through the specialty pharmacy program. This program also saves you out-of-pocket expenses.

The *drugs* that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your *prescription drug* in a smaller quantity and at a prorated copay so that if your dose changes or you have to stop taking the *prescription drug*, you can save money by avoiding costs for *prescription drugs* you may not use. You can access the list of these *prescription drugs* by calling the toll-free number on your member ID card or log on to the website at www.anthem.com/ca.

Drug Cost Share Assistance Programs

If you qualify for and participate in certain drug cost share assistance programs offered by drug manufacturers or other third parties to reduce the deductible, copayment, or coinsurance you pay for certain *specialty drugs*, the reduced amount you pay will be the amount we apply to your deductible and/or out-of-pocket limit.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your *doctors* about alternatives to certain *prescription drugs*. We may contact you and your *doctor* to make you aware of these choices. Only you and your *doctor* can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic *drug* substitutes, please call the toll-free number on your member ID card.

Day Supply and Refill Limits

Certain day supply limits apply to *prescription drugs* as listed in the “What You Will Need to Pay” and “Getting Prescription Drugs” sections of this *plan*. In most cases, you must use a certain amount of your *drugs* before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your *drugs* early if it is decided that you need a larger dose. We will work with the *drugstore* to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the *pharmacy benefits manager* and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

You may be able to also get partial fills of prescribed Schedule II controlled substances, if requested by you or your *doctor*. A partial fill means a part of a *prescription* filled that is of a quantity less than the entire *prescription*. For oral, solid dosage forms of prescribed Schedule II controlled substances that are partially filled, your costshare will be prorated accordingly.

Rebate Impact on Prescription Drugs You get at Member Drugstore or Home Delivery

Anthem and/or its *pharmacy benefits manager* may also, from time to time, enter into agreements that result in Anthem receiving rebates or other funds (“rebates”) directly or indirectly from *prescription drug* manufacturers, *prescription drug* distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by Anthem from rebates on *prescription drugs* purchased by you from a *member drugstore*, home delivery or specialty pharmacy under this section. If the *prescription drug* purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the *maximum allowable amount* for the *prescription drug*. Any deductible or coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all *members* enrolled in coverage of this type.

It is important to note that not all *prescription drugs* are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the *prescription drug*, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

For your health and safety

For your health and safety, we check the medicines you are using. Some *drugs* may need our OK. If we see that too many *drugs* are being used, we will let your *doctor* and the *drugstore* know. We may also limit the benefits to prevent over-use.

Your family members are eligible to be covered:

- ◆ If you enroll before, on, or within 31 days after the date you were eligible, then your coverage will start on your eligibility date.
- ◆ If you do not enroll within 31 days of your eligibility date, you cannot enroll. Your next chance to enroll is your employer's next *Open Enrollment*. Sometimes, you may be able to enroll earlier. See "When You Can Enroll Without Waiting."

If you choose to leave this *plan*, you will be eligible to enroll again during your employer's next *Open Enrollment*. You may be able to enroll earlier. See "When You Can Enroll Without Waiting."

Your employer must pay the subscription charges every month in order for you to be covered. Your employer may ask you to pay all or part of these charges. Talk to your employer about how much you must pay.

For you to get benefits we must have an *agreement* with your employer and you must be covered at the time you got the service. The benefits you get will be the benefits in effect at the time the services are provided. Your employer's health plan *agreement* with us may change from time to time, or end, without your consent.

If You Want to Enroll a New Child

Here's how new children are enrolled if you are already covered:

- ◆ Any child being adopted by you will be covered for 31 days from the date:
 - You have financial responsibility for the child OR
 - You have the right to control the child's health care.

You will need to give us legal papers or other proof for either one.

You need to enroll your child, whether newborn or adopted, within those 31 days if you want your child to be covered after the 31 days are over. If you enroll your child, you will need to pay subscription charges, if any, for them from the date their coverage began.

When You Can Enroll Without Waiting

You may enroll without waiting for your employer's next *open enrollment* period if any of the following are true:

◆ **You meet all of the following requirements:**

- You were covered as an individual or dependent under either:

- You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the *group's* next *open enrollment* period to do so.
- Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:
 - ⇒ If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated.

⇒ You must properly file a signed Enrollment Form with the *group* within 31 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, no longer living or working in the Anthem Blue Cross HMO service area (whether or not by your choice), and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

⇒ If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file a signed Enrollment Form with the *group* within 60 days after the date your coverage ended.

- ◆ A court has ordered that your spouse, domestic partner or child be covered under your employee health plan, and you give your employer a signed Enrollment Form within 31 days from the date the court order was issued.
- ◆ We don't have a written statement from your employer stating that before you chose not to enroll or not be enrolled you were given and signed a notice that told you:
 - If you choose not to enroll for coverage within 31 days after you become eligible; or

- Later choose to enroll;

Your coverage may not begin until the first day of the month following the end of your employer's *open enrollment*.

- ◆ You have a change in family status through either marriage or domestic partnership, or the birth, adoption or placement for adoption of a child:
 - If you enroll following marriage or domestic partnership, you and your new spouse or domestic partner must enroll within 31 days of the date of marriage or domestic partnership. Your new spouse or domestic partner's children may also enroll, but your other children may not enroll unless they qualify under another one of these conditions listed above.
 - If you enroll following the birth, adoption or placement for adoption of a child, your spouse (if you are already married) or domestic partner may also enroll at that time. Other children may not enroll at that time unless they qualify under another one of these conditions listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption.
- ◆ All of the following conditions are met:
 - You finished the waiting period under the *plan*, but, ceased to be eligible due to the end of your employment;
 - You again become eligible based on your employer's eligibility rules; and
 - You enroll within 31 days of your return to work.

- ◆ You become eligible for assistance, with respect to the cost of coverage under the employer's group *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file a signed Enrollment Form with the *group* within 60 days after the date you are determined to be eligible for this assistance.
- ◆ You are an employee who is a reservist as defined by state or federal law, who terminated coverage as a result of being ordered to military service as defined under state or federal law, and apply for reinstatement of coverage following reemployment with your employer. Your coverage will be reinstated without any waiting period. The coverage of any dependents whose coverage was also terminated will also be reinstated. For dependents, this applies only to dependents who were covered under the plan and whose coverage terminated when the employee's coverage terminated. Other dependents who were not covered may not enroll at this time unless they qualify under another of the circumstances listed above.

The effective date of coverage for enrollments during a special enrollment period as described above will be on the first day of the month following the date you file the signed Enrollment Form, except as specified below:

- ◆ If a court has ordered that coverage be provided for a dependent child, coverage will become effective for that child on the earlier of:
 - The first day of the month following the date you file the signed Enrollment Form; or
 - Within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the child, the employer, or the *group* administrator.

- ◆ For reservists and their dependents applying for reinstatement of coverage following reemployment with the employer, coverage will be effective as of the date of reemployment.
- ◆ For enrollments following the birth, adoption, or placement for adoption of a child, coverage will be effective as of the date of birth, adoption, or placement for adoption.

Open Enrollment

If you are eligible to be covered, *Open Enrollment* is a time you can enroll yourself or your family members. Your employer has this time once a year in the month of May.

You or your family members will be covered on July 1. If you had another plan, it would end when this one starts.

When We Cannot Cancel Your Coverage

We cannot cancel your coverage while:

- ◆ This *plan* is in effect;
- ◆ You're eligible;
- ◆ Your subscription charges are paid;
- ◆ You live or work within a *medical group's* service area;
- ◆ You follow your *primary care doctor's* advice and treatment and you work with the *medical group*; and
- ◆ You pay all *copays* within 31 days after you get a bill.

The benefits of this *plan* are only for *medically necessary* services as decided by your *medical group* or Anthem Blue Cross.

We are not responsible for any costs you have to pay over the *plan's* benefits.

Only *members* may get benefits under this *plan*. You cannot transfer the right to benefits to another person.

How Your Coverage Ends

We are not required to send you a notice that coverage is ending if you decide, or your employer decides, to end coverage. Coverage may end:

- ◆ **If our *agreement* with your employer ends.** Coverage ends on the date the *agreement* is terminated or cancelled. If we decide to end the coverage provided to you by your employer for any of the reasons shown in the *agreement*, we will give written notice of termination, cancellation or non-renewal to your employer. Your employer will send or give you a copy of the termination, cancellation or non-renewal notice at least seven days prior to the date coverage ends.
- ◆ **If the subscription charges are not paid.** If your employer fails to pay the subscription charges as they become due, we may terminate the *agreement* as of the last day of the Grace Period described below. Nevertheless, we will terminate the *agreement* only upon first giving the employer a written Notice of Cancellation that is delivered to them at least 30-days prior to that cancellation (or any longer period of time required by applicable federal law, rule, or regulation).
- ◆ The Notice of Cancellation shall state that the *agreement* shall not be terminated if the employer makes appropriate payment in full within 30-days after we issue the Notice of Cancellation (or any longer period of time required by applicable federal law, rule, or regulation). The Notice of Cancellation shall also inform the employer that, if the *agreement* is terminated for non-payment and the employer wishes to apply for reinstatement, the employer shall be required to submit a new application for coverage, and that Anthem either may decline to permit reinstatement in its sole discretion or may permit reinstatement upon terms and conditions as it shall determine appropriate in its sole discretion, as set forth in the *agreement*.

Per the *agreement*, your employer will mail a copy of our notice to them to you. If you have any questions about your coverage ending, and how it will affect you, please call the Member Services phone number on your I.D. card.

Grace Period. For every Subscription Charge Due Date except the first, there is a 30-day grace period in which to pay subscription charges. The grace period begins after the last day of paid coverage. The *agreement* remains in force during the grace period, and coverage is maintained during the grace period. The employer is liable for payment of subscription charges covering any period of time that the *agreement* remains in force, including any grace period. If your employer fails to pay us the subscription charges due during the grace period, we will not end your coverage until the end of the grace period. You will not be required by us to pay the subscription charges for your employer nor will you be required to pay more than your copay for any services received during the grace period.

If subscription charges due are not paid by the end of the grace period, the *agreement* will be canceled as described above.

- ◆ **If the *agreement* is changed at your employer's request to stop covering the class of employees to which you belong.** We will no longer cover you or your family members on the date of that change.
- ◆ **If the *agreement* is changed at your employer's request to stop covering family members.** We will no longer cover your family members on the date of that change.
- ◆ **If you are no longer covered.** Your family members will no longer be covered.

- ◆ **If you do not pay your copay.** If you do not pay your *copay* to a provider within 31-days from the date that you are sent a bill by a provider to make your *copay* payment, if requested in writing to us by the provider, Anthem Blue Cross will send you a written notice to let you know that you have not paid your *copay*. If you do not pay your *copay* to the provider within 15-days from the date we sent our notice to you, we will terminate your coverage at 12:00 midnight on the fifteenth day following the date we sent notice to you telling you of this. If your coverage is terminated, Anthem Blue Cross will tell your employer not to pay any further subscription charges for you.

Within 30-days, we will return the pro-rata portion of any monies paid to us by your employer for your coverage for the unexpired period for which payment has been received together with amounts due on claims, if any, less any amounts due us. Your employer will return your portion of the money returned to them to you.

If your coverage was ended because you didn't pay your *copay*, and you have now paid it, you may have your coverage reinstated by re-enrolling as follows:

- If you paid your *copay* and re-enroll on, or within 31-days after the date your coverage was ended, then your coverage will be reinstated to the date your coverage ended. (There will be no lapse of coverage.)
- If you do not pay your *copay* within 31-days after your coverage would end due to failure to make the required *copay*, but subsequently paid your *copay* and re-enroll within 31-days after you paid your *copay*, then your coverage will start on the next subscription charge due date shown in the *agreement* under the same terms that apply to others in your classification. (There will be a lapse of coverage for the time period between when we ended your coverage and the date your employer again pays subscription charges for your coverage.)

- If you did not pay your *copay* within 31-days after the date your coverage ended, and you do not re-enroll within 31-days of the date you paid your *copay*, you will be eligible to enroll again during your employer's next *Open Enrollment*.
- ♦ **If you decide to cancel at any time.** Your coverage ends on the next subscription charge due date after we receive written notice from your employer that you have ended your coverage. You must give your employer written notice to end your coverage.
- ♦ **If you or a family member are no longer eligible.** Your coverage ends on the next subscription charge due date following the date you are no longer eligible for coverage, except in these cases:
 - **Leave of Absence.** If your employer pays the subscription charges to us, you may be covered for up to six months while you take a short-term leave of absence your employer allows. This time period may be extended if required by law.
 - **Handicapped Children.** If your child has a physical or mental condition that prevents him or her from getting a self-sustaining job and reaches an upper age limit in this *plan* for a child (26 years), your child can still qualify if he or she is:
 - ⇒ Covered under this *plan*.
 - ⇒ Still chiefly dependent on you, your spouse or your domestic partner for support and maintenance.
 - ⇒ Not able to get a job to self-support himself or herself because of the physical or mental condition.

A *doctor* must certify in writing that your child is incapable of self-sustaining employment due to a physical or mental condition.

We will notify you that your child's coverage will end when your child reaches the *plan's* upper age limit at least 90 days prior to the date the child reaches that age. You must send proof of the child's physical or mental condition within 60 days of the date you receive our request. If we do not complete our determination of your child's continuing eligibility by the date your child reaches the plan's upper age limit, your child will remain covered pending our determination.

After two years have passed since you gave us the first certification, you may need to send us proof that your child is still chiefly dependent on you, your spouse or your domestic partner for support and maintenance and that a physical or mental condition still exists, but we will not ask for this proof more than once a year.

We will cover your child until he or she no longer has a physical or mental condition that prevents him or her from getting a job or he or she is no longer dependent on you, your spouse or your domestic partner for support and maintenance.

A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

◆ **Fraud or misrepresentation by you or a family member.**

Termination is effective upon the later of: (1) the date shown in the written notice to you; or (2) the date the written notice was mailed to you:

- **Fraud or deception in the use of services or facilities.**

You or a family member may individually have your coverage terminated if any of you commits fraud or deception in the use of services or facilities. If you, as the employee, have your coverage terminated for such fraud or deception, coverage for all other family members will also end.

- **Intentional misrepresentation of material fact under the terms of the *agreement*.**

If you or a family member purposely gives us incorrect or incomplete material information, and we rely on such information in providing health care services to that member, we may end coverage to that member. If you, the employee, furnish incorrect or incomplete material information, you and all family members may have your coverage ended. No statement made by you, unless it is fraudulent and in writing, will be used in any contest to end your coverage under this *plan*. After your coverage under this plan has been in force for 24 months, no statement made by you will be used to end your coverage.

Note: If your marriage or domestic partnership ends, you must give or send to your employer written notice that it has ended. Coverage for former spouses and domestic partners, and their dependent children, if any, ends according to the “What You Should Know about Your Coverage” provisions. If Anthem Blue Cross has a loss, because you fail to tell your employer your marriage or domestic partnership ended, Anthem Blue Cross may recover any actual loss from you. If you fail to give your employer notice in writing that your marriage or domestic partnership ended, it will not delay or prevent the end of your marriage or domestic partnership. If you notify your employer in writing to cancel coverage for a former spouse or domestic partner, and the children of the former spouse or domestic partner, if any, right away at the end of your marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under Keeping Anthem Blue Cross HMO After Your Coverage Status Changes, Extension, and HIPAA Coverage.

A Medical Group Can End its Services to You

- ♦ **If you move away from the area it serves.** You will need to ask to transfer to another *medical group*. If you move outside the Anthem Blue Cross HMO service area, you won’t be eligible for Anthem Blue Cross HMO.
 - Call the *Member Services number* on your Member ID card, or ask your employer for a *membership change form*.
 - The change in your *medical group* will happen on the first day of the month after we get your request.
- ♦ **If you refuse to follow a treatment** your *doctor* recommends when there is no other better choice, your coverage may end with that *doctor* and/or *medical group*. We will help you get coverage with another *doctor* and/or *medical group*.

- ◆ **If your conduct threatens others.** If you act in a way that threatens the safety of Anthem employees, providers, other plan members, or other patients, or repeatedly behave in a manner that substantially impairs Anthem's ability to furnish or arrange services for you or other *members* or substantially impairs a provider's ability to provide services to other patients, your *medical group* may ask us to move you to another *medical group*. You will have the opportunity to respond to any allegations that any such behavior has occurred.

If You Believe Your Coverage Has Been Cancelled Unfairly

If you believe your coverage has been or will be improperly cancelled, you may file a complaint with us according to the procedures described in the section called "How to Make a Complaint". You should file your complaint as soon as possible after you receive notice that your coverage will end. You may also ask for a review of the matter by the Director of the Department of Managed Health Care. If your coverage is still in effect when you file a complaint, we will continue to provide coverage to you under the terms of this *plan* until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care (this does not apply if your coverage is cancelled because the subscription charges have not been paid). If your coverage is maintained in force pending the outcome of the review, subscription charges must still be paid to us on your behalf.

Keeping Anthem Blue Cross HMO After Your Coverage Status Changes

If your employer employs 20 or more people, you may be able to keep on being covered even after you no longer work for that employer. This is called *COBRA*. Ask your employer for more information.

You or Your Family Members May Choose *COBRA*

You can go on being covered by Anthem Blue Cross:

- ◆ When your job ends, for any reason other than gross misconduct.
- ◆ When you lose coverage under an employer's plan because your work hours have reduced.
- ◆ When, as a retiree, your benefits are canceled or reduced because your former employer filed for Chapter 11 bankruptcy.

Your family members, other than a domestic partner, or the child of a domestic partner, can go on being covered by Anthem Blue Cross even.

- ◆ If you were to die.
- ◆ If you are divorced or legally separated.
- ◆ If your child is no longer qualifies as a dependent. For example, your child reaches the upper age limit of the *plan*.
- ◆ If you become entitled to Medicare.

***COBRA* does not apply to a domestic partner, or the child of a domestic partner, under this *plan*.**

Your employer will let you or your family members know that you have a right to keep your health plan under *COBRA*. If you marry or have a new child during this time, your new spouse or child can be enrolled as a family member. But only a child born to or placed for adoption with you will have the same rights as someone who was covered under the *plan* just before *COBRA* was elected.

Your employer will notify you or your family members if you can continue your coverage under *COBRA* when:

- You lose your job or your work hours are lowered.
- Your benefits as a retiree are canceled or reduced because your former employer filed for Chapter 11 bankruptcy.
- You die or become entitled to Medicare. Your employer will notify your family members.

You must inform your employer if your family members want *COBRA* coverage within 60 days from the date:

- You get a divorce or legal separation.
- Your child is no longer a dependent.

If You Want to Keep Your Health Plan

- ♦ Tell your employer within 60 days of the date you get your notice of your right to keep your health plan.
- ♦ You can have coverage for all the *members* of the family, or only some of them.
- ♦ If you don't choose *COBRA* during those 60 days, you cannot have it later.

- ◆ Your employer must send your payment and the *COBRA* forms to keep you covered within 45 days after you choose to keep it.

You may have to pay the whole cost. You should know that you may have to pay the whole cost of staying on the health plan.

- ◆ You must send your payment to the employer every month.
- ◆ Your employer must send it to Anthem Blue Cross. This will keep your coverage going.

The subscription charge that applies to the employee will also apply to:

- ◆ A spouse, because of divorce, separation or death.
- ◆ A child, even if you or your spouse do not choose *COBRA* (if more than one child enrolls, subscription charges for the number enrolling will apply).

How Long You Can Be Covered

You can go on being covered until the first of the following events takes place:

- ◆ The end of eighteen months (18) if you lost your job or your hours were lowered. (Note: If your *COBRA* began on or after January 1, 2003 and ends after 18 months, you can keep your medical coverage only under CalCOBRA for up to another 18 months, making a total of 36 months under *COBRA* and CalCOBRA combined. You must completely use up your eligibility under *COBRA* first. Your CalCOBRA rights are explained later in this section.)
- ◆ The date our *agreement* with your employer ends.
- ◆ The date you stop paying the monthly charges.
- ◆ The date you first become covered under another group health plan.

- ◆ The date you first become entitled to Medicare.

Your family members can go on being covered until the first of the following events takes place:

- ◆ Eighteen months (18) if you lost your job, or your hours were lowered. However, this does not apply if coverage did not end when you became entitled to Medicare before you lost your job or your work hours were lowered. *COBRA* coverage ends 36 months from the date you became entitled to Medicare if entitlement occurred within the 18 months before the date your job ended or your work hours were lowered. (Note: If your *COBRA* began on or after January 1, 2003 and ends after 18 months, or some longer period if you became entitled to Medicare before you lost your job or your work hours were lowered but sooner than 36 months, you can keep your medical coverage only under CalCOBRA for the balance of 36 months under *COBRA* and CalCOBRA combined. You must completely use up your eligibility under *COBRA* first. Your CalCOBRA rights are explained later in this section.)
- ◆ Thirty-six months (36) if there was a death, divorce, or legal separation.
- ◆ Thirty-six months (36) if the child is no longer dependent.
- ◆ Thirty-six months (36) from your entitlement to Medicare.
- ◆ The date our *agreement* with your employer ends.
- ◆ The date they first become eligible under another group health plan.
- ◆ They stop paying monthly charges.
- ◆ They first become entitled to Medicare.

Your family members may be able to get extended *COBRA* coverage if they experience another event described above. If a second event occurs, your family members may extend *COBRA* up to 36 months from the date of the first event if:

- Your family members were originally covered under the first event; and
- Your family members were covered under the *plan* when the second event occurred.

This period may not go beyond 36 months from the date of the first event.

Other Coverage Options Besides COBRA **Continuation Coverage**

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through the conditions listed under "When You Can Enroll Without Waiting". Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Retirement and COBRA

If you are a retiree and your benefits are canceled or reduced because your former employer filed for Chapter 11 bankruptcy, you may be covered for the remainder of your life. Your covered family members may continue coverage for 36 months after your death. Coverage ends when:

- Our *agreement* with your former employer ends.
- You or your family member stops paying the monthly charges.
- You or your family member first becomes covered under another group health plan.

If You or a Family Member is Disabled

If you or a family member is determined by Social Security to be disabled, your whole family may be able to be covered for up to 29 months. This is an additional 11 months following the 18 months of *COBRA* coverage due to your job loss or reduction of work hours. You may be covered for the additional 11 months if you or a family member is determined to be disabled by Social Security before the job loss or reduction of work hours or during the first 60 days of *COBRA* continuation.

You must show your employer proof that the Social Security Administration (SSA) found that you or your family member was disabled. You must show your employer this proof during the first 18 months of your *COBRA* continuation and no later than 60 days after the later of the following:

- ◆ The date of the Social Security Administration's finding of the disability.
- ◆ The date the original qualifying event happened.
- ◆ The date you lost coverage.
- ◆ The date you are told you must show your employer the disability notice.

For the 19th through 29th months that the disability goes on, the employer must send the monthly charges.

- ◆ This will be **150%** of the applicable rate for the length of time the disabled person is covered, depending on how many family members are being covered.
- ◆ If the disabled person is not covered during this additional 11 months, the charge will stay at **102%** of the applicable rate.
- ◆ The employer must send the charges to us every month.
- ◆ You may have to pay the whole cost.

This coverage will last until the first of the following events takes place:

- ◆ The end of the month following a period of 30 days after the SSA finds that the family member is no longer disabled.
- ◆ The end of 29 months. (Note: If your *COBRA* began on or after January 1, 2003 and ends after 29 months, you can keep your medical coverage only under CalCOBRA for up to another seven (7) months, making a total of 36 months under *COBRA* and CalCOBRA combined. You must completely use up your eligibility under *COBRA* first. Your CalCOBRA rights are explained later in this section.)
- ◆ You stop paying the monthly charges.
- ◆ The *agreement* with your employer ends.
- ◆ You get another health plan that will cover the disability.
- ◆ The disabled person becomes entitled to Medicare.

You must let your employer know within 30 days that the SSA found that you or your family member is no longer disabled.

If a second event occurs during this additional 11 months, *COBRA* may extend for up to 36 months from the date of the first event. The charge will be **150%** of the applicable rate for the 19th through 36th months if the disabled person is covered. This charge will be **102%** of the applicable rate for any periods of time the disabled person is not covered after the 18th month.

What About After COBRA?

After *COBRA* ends, you may be able to keep your coverage through another program called “CalCOBRA” which is explained in the next section.

CalCOBRA

If your coverage under federal *COBRA* started on or after January 1, 2003, you can keep on being covered under CalCOBRA if your federal *COBRA* ended:

- ◆ 18 months after your qualifying event, if your job ended or your work hours were reduced; or
- ◆ 29 months after your qualifying event if you qualified for the additional 11 months of federal *COBRA* because of a disability.

You must completely use up your eligibility under federal *COBRA* before you can get coverage under CalCOBRA. You are not eligible for CalCOBRA if:

- ◆ You have Medicare;
- ◆ You have or get coverage under another group plan; or
- ◆ You are eligible for or covered under federal *COBRA*.

Coverage under CalCOBRA is for medical benefits only.

You will be told about your rights. Within 180 days before your federal *COBRA* ends, we will tell you that you have a right to keep your coverage under CalCOBRA. If you want to keep your coverage, you must tell us in writing within 60 days before the date your federal *COBRA* ends or when you are told of your right to keep your coverage under CalCOBRA, whichever is later. If you don't tell us in writing during this time period you will not be able to keep your coverage.

You can add family members to your CalCOBRA coverage. For dependents acquired while you are covered under CalCOBRA, coverage begins according to the enrollment provisions of this *plan*.

You may have to pay the whole cost of your CalCOBRA coverage. This cost will be:

- ◆ 110% of the applicable rate if your coverage under federal *COBRA* ended after 18 months; or
- ◆ 150% of the applicable rate if your coverage under federal *COBRA* ended after 29 months.

We must receive your payment every month to keep your coverage going. You must send your payment to us, along with your enrollment form, within 45 days after you tell us you want to keep your coverage. You must send us the payment by first class mail or some other reliable means. Your payment must be enough to pay the amount required and the entire amount due. If we don't get the correct payment within this 45 day period, you won't be able to get coverage under CalCOBRA. After you make the first payment, all other payments are due on the first day of each following month.

If your payment of the subscription charge is not received when due, your coverage will be cancelled. We will cancel your coverage only after sending you written notice of cancellation at least 30 days before cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make this payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date the cancellation notice is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we get after this time period runs out will be refunded to you within 20 business days. You are still responsible for any unpaid subscription charges that you owe to us, including subscription charges that apply during any grace period.

We may change the amount of your payment as of any payment due date. If we do, we will tell you in writing at least 60 days before the increase takes effect.

You must give us current information. We will rely on the eligibility information you give us as correct without checking on it, but we maintain the right to check any information you give us.

Coverage through a *prior plan*. If you were covered through CalCOBRA under the *prior plan*, you can keep your coverage under this plan for the rest of the continuation period. But your coverage will end if you don't follow the enrollment rules and make the payments within 30 days of being told your CalCOBRA coverage under the *prior plan* will end.

When CalCOBRA starts. When you tell us in writing that you want to keep your coverage through CalCOBRA and pay the first payment, we will reinstate your coverage back to the date federal COBRA ended. If you enroll a family member while you are covered through CalCOBRA, the family member's coverage begins according to the enrollment provisions of this *plan*.

When CalCOBRA ends. Your coverage under CalCOBRA will end when the first of the following events takes place:

- ◆ The end of 36 months after the date of your qualifying event under federal *COBRA* *.
- ◆ The date our *agreement* with your employer ends.
- ◆ The date your employer stops providing coverage to the class of *members* you belong to.
- ◆ The date you stop paying the monthly charges. Your coverage will be cancelled after written notification, as explained above.
- ◆ The date you become covered under another group health plan.
- ◆ The date you become entitled to Medicare.
- ◆ The date you become covered under federal *COBRA*.

CalCOBRA will also end if you move out of our service area or commit fraud.

* If your coverage under CalCOBRA started under a *prior plan*, the 36 month period will be dated from the time of your qualifying event under that *prior plan*.

When your coverage under CalCOBRA ends, you may be able to apply for HIPAA coverage or a conversion plan. You will get more information about these options no more than 180 days before CalCOBRA ends.

Note. Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

Coverage for Surviving Family Members

If you die while covered under this *plan* as an employee or retired employee, your family members may continue coverage under the *plan* after your death. It ends when one of the following occurs:

- ◆ Your surviving spouse remarries.
- ◆ The subscription charges aren't paid when they were due.
- ◆ The employer cancels coverage for the class you belonged to.
- ◆ The group benefit agreement ends.
- ◆ In the case of a dependent child, they are no longer eligible.

Note: The employer may require that a greater amount of the cost be paid for the coverage under this continuation than they require of employees with, or without, dependents. Check with the employer to find out the amount of your subscription charge under this provision.

Extension

If our *agreement with your employer ends*. Your coverage can be canceled or changed without us telling you.

But, if you or a family member is *totally disabled* and getting the care of a *doctor*, your benefits for treating the totally disabling condition will go on, if:

- ◆ The disabled person is staying in a *hospital* or *skilled nursing facility* as long as the *stay* is *medically necessary*. You will get your benefits until you are no longer staying in the *hospital*.
- ◆ If you are not now in a *hospital* or nursing facility, you may still be able to get total disability benefits. Your *doctor* must send us a written statement of your disability. It must be sent within 90 days and every 90 days after that.

If you get coverage under another health *plan* that provides benefits, without limitation, for your disability, this extension of benefits is not available.

Your benefits will end when:

- ◆ You are no longer disabled.
- ◆ Your *plan* has paid the most it can.
- ◆ You get another health plan which will cover your disability.
- ◆ Twelve (12) months have passed.

How to Make a Complaint

While Anthem Blue Cross HMO helps you get the care you need, we don't actually give the care.

We contract with *medical groups, doctors, and other health care providers*. They are not employees of Anthem Blue Cross. The *hospitals, nursing facilities and other health agencies* are independent contractors.

However, we want to help you get the care and service you need. Here's how:

- ◆ **Talk to your *Anthem Blue Cross HMO coordinator*.** If you have questions about your services, call your *Anthem Blue Cross HMO coordinator*. He or she may be able to help you right away. You may also call the *Member Services number* on your member ID card.
- ◆ **Filing a Complaint.** If you are still unhappy and wish to file a complaint, you should fill out a "Member Issue Form." You can get this form from your *Anthem Blue Cross HMO coordinator* or from us. Complete the form and mail it to us or you may call us at the *Member Services number* on your member ID card and ask one of our Member Services representatives to fill out the Member Issue Form for you.

- ◆ You may also file a complaint with us online or print the Member Issue Form through the Anthem Blue Cross website at www.anthem.com/ca.
- ◆ **If you believe your coverage has been cancelled unfairly.** If you believe your coverage has been or will be improperly cancelled, you may also file a complaint with us.

You must:

- Include the following information from your Member ID Card:
 - Your group number.
 - Your member identification number.
- Explain what happened or what you would like help with.

You must file your complaint with us no later than 180 days after the date you get a denial notice from us or your *medical group* or any other incident or action you are not satisfied with.

When you mail in the Member Issue form or file your complaint online, you are starting the formal complaint process. If you have an acute or urgent condition, you have the right to ask for an expedited review of an appeal for service that has been denied by your *medical group*. Expedited appeals must be resolved within three days.

◆ **Get help from Anthem Blue Cross.** You may ask for a review from Anthem Blue Cross.

- Just call us at the *Member Services number* shown on your Member ID card.
- Or write to us at the following address:

Anthem Blue Cross

Grievance and Appeal Management

P.O. Box 4310

Woodland Hills, CA 91367

- Tell us all about your complaint.
- Send this along with any bills or records.

Except for complaints that concern the *prescription drug formulary*, we will review and respond to your complaint with the following timeframes:

- 30 days after we get and look at the facts of your complaint, we will send you a letter to tell you how we have solved the problem.
- If your case is urgent and involves an imminent threat to your health, such as severe pain or the loss of life or limb or major bodily function, we'll expedite the review and resolve your complaint within three days.

◆ **We will meet with you.** For issues dealing with whether a service is *medically necessary* or appropriate, you may:

- appear in person before the committee meeting to review your appeal;
- send someone else to represent you before the committee;
or

- have a telephone conference call with the committee.
- ◆ **You have the right to review all documents that are part of your complaint file and to give evidence and testimony as part of the complaint process.**
- ◆ **If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge.** We will not base our appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.
- ◆ **If you don't like what the committee decides or it does not decide what to do within 30 days (or within three days for urgent cases).** You may complain directly to the Department of Managed Health Care (see later page). If your case is urgent and involves an imminent threat to your health as described above, you do not have to go through this complaint process or wait 30 days to complain to the Department of Managed Health Care (DMHC). You may do so right away. You may also, at any time, use *binding arbitration* to resolve your dispute. (See "Arbitration" on a later page.)

- ◆ **If your complaint is about the cancellation of your coverage,** you may also complain to the DMHC right away if the DMHC agrees that your complaint requires immediate review. If your coverage is still in effect when you file your complaint, we will continue to provide coverage to you under the terms of the *plan* until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care (this does not apply if your coverage is cancelled because the subscription charges have not been paid). If your coverage is maintained in force pending the outcome of the review, subscription charges must still be paid to us on your behalf. If your coverage has already ended when you file the complaint, your coverage will not be maintained. If the Director of the Department of Managed Health Care determines that your coverage should not have been cancelled, we will reinstate your coverage back to the date it was cancelled. Subscription charges must be paid current to us on your behalf from the date coverage is reinstated.
- ◆ **Questions about your outpatient prescription drug coverage.** If you have questions or concerns about your outpatient prescription drug coverage, please call the Pharmacy Member Services phone number on your ID card. If you are not happy about how your concerns are taken care of, you may use the complaint process above.

Prescription Drug List Exceptions

You may submit a grievance under this section for denials of *drugs* related to the *formulary*, prior authorization, or step therapy exception requests.

Please refer to the “Prior Authorization and Step Therapy Exceptions” and “Exception Request for a Quantity, Dose or Frequency Limitation, Step Therapy, or a Drug not on the Prescription Drug Formulary” section in GETTING PRESCRIPTION DRUGS for the process to submit a prior authorization form for the

prior authorization and step therapy exceptions or an exception request for *drugs* not on the *prescription drug formulary*.

Independent Medical Review of Denials of Experimental or Investigative Treatment

If coverage for a proposed treatment is denied because we or your *medical group* determine that the treatment is *experimental* or *investigative*, you may ask that the denial be reviewed by an external independent medical review organization which has a contract with the California Department of Managed Health Care ("DMHC"). Your request for this review may be sent to the DMHC. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to give up any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to ask for this review with any grievance disposition letter denying coverage for this reason.

You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross Grievance and Appeals Management, P.O. Box 4310, Woodland Hills, CA 91365. To qualify for this review, all of the following conditions must be met:

- ◆ You have a life threatening or seriously debilitating condition. The condition meets either or both of the following descriptions:
 - A life threatening condition or a disease is one where the likelihood of death is high unless the course of the disease is interrupted. A life threatening condition or disease can also be one with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.
 - A seriously debilitating condition or disease is one that causes major irreversible morbidity.
- ◆ Your *medical group* must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this *plan* than the proposed treatment.
- ◆ The proposed treatment must either be:
 - Recommended by an *Anthem Blue Cross HMO provider* who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or

- Requested by you or by a licensed board certified or board eligible *doctor* qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
 - Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
 - Medical literature meeting the criteria of the National Institute of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
 - Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
 - Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
 - Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard's Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;

- Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
- Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You must ask for this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *doctor*. Any newly developed or discovered relevant medical records that we or an *Anthem Blue Cross HMO provider* identifies after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your *doctor* determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

Please note: If you have a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less) and proposed treatment is denied because the treatment is determined to be *experimental*, you may also meet with our review committee to discuss your case as part of the complaint process (see “How to Make a Complaint”).

Independent Medical Review of Complaints Involving a Disputed Health Care Service

You may ask for an independent medical review (“IMR”) of disputed health care services from the Department of Managed Health Care (“DMHC”) if you think that we or your *medical group* have wrongly denied, changed, or delayed health care services. A “disputed health care service” is any health care service eligible for coverage and payment under your *plan* that has been denied, changed, or delayed by us or your *medical group*, in whole or in part because the service is not *medically necessary*.

The IMR process is in addition to any other procedures or remedies that you may have. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must give you an IMR application form and an addressed envelope for you to use to ask for IMR with any complaint disposition letter that denies, changes, or delays health care services. A decision not to participate in the IMR process may cause you to lose any lawful right to pursue legal action against us about the disputed health care service.

Eligibility: The DMHC will look at your application for IMR to confirm that:

1. One or more of the following conditions have been met:
 - (a) Your provider has recommended a health care service as *medically necessary*, or

- (b) You have had *urgent care* or *emergency services* that a provider determined was *medically necessary*, or
 - (c) You have been seen by an *Anthem Blue Cross HMO provider* for the diagnosis or treatment of the medical condition for which you want independent review;
2. The disputed health care service has been denied, changed, or delayed by us or your *medical group*, based in whole or in part on a decision that the health care service is not *medically necessary*; and
 3. You have filed a complaint with us or your *medical group* and the disputed decision is upheld or the complaint is not resolved after 30 days. If your complaint requires expedited review you need not participate in our complaint process for more than three days. The DMHC may waive the requirement that you follow our complaint process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your complaint or from the end of the 30 day or three day complaint period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is *medically necessary*. You will get a copy of the assessment made in your case. If the IMR determines the service is *medically necessary*, we will provide the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within 30 days of getting your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

Department Of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-365-0609** or at the TDD line **1-866-333-4823** for the hearing and speech impaired and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department's internet website (www.dmhc.ca.gov) has complaint forms, IMR applications forms and instructions online.

Binding Arbitration

ALL DISPUTES BETWEEN YOU AND ANTHEM BLUE CROSS, INCLUDING BUT NOT LIMITED TO DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN OR ANY OTHER ISSUES RELATED TO THE PLAN AND CLAIMS OF MEDICAL MALPRACTICE MUST BE RESOLVED BY BINDING ARBITRATION, IF THE AMOUNT IN DISPUTE EXCEEDS THE JURISDICTIONAL LIMIT OF SMALL CLAIMS COURT AND THE DISPUTE CAN BE SUBMITTED TO BINDING ARBITRATION UNDER APPLICABLE FEDERAL AND STATE LAW, INCLUDING BUT NOT LIMITED TO, THE PATIENT PROTECTION AND AFFORDABLE CARE ACT.

California Health and Safety Code Section 1363.1 require specified disclosures in this regard: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as permitted and provided by federal and California law, including but not limited to, the Patient Protection and Affordable Care Act, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration. YOU AND ANTHEM BLUE CROSS AGREE TO BE BOUND BY THIS ARBITRATION PROVISION. YOU ACKNOWLEDGE THAT FOR DISPUTES THAT ARE SUBJECT TO ARBITRATION UNDER STATE OR FEDERAL LAW THE RIGHT TO A JURY TRIAL, THE RIGHT TO A BENCH TRIAL UNDER CALIFORNIA BUSINESS AND PROFESSIONS CODE SECTION 17200, AND/OR THE RIGHT TO ASSERT AND/OR PARTICIPATE IN A CLASS ACTION ARE ALL WAIVED

BY YOU. If your plan is subject to 45 CFR 147.136, this agreement does not limit your rights to internal and external review of adverse benefit determinations as required by that law. Enforcement of this arbitration clause, including the waiver of class actions, shall be determined under the Federal Arbitration Act (“FAA”), including the FAA’s preemptive effect on state law.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the *member* making written demand on Anthem Blue Cross. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the *member* and Anthem Blue Cross, or by order of the court, if the *member* and Anthem Blue Cross cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem Blue Cross will assume all or a portion of the *member’s* costs of the arbitration. Unless you and Anthem Blue Cross agree otherwise, the arbitrator may not consolidate more than one person’s claims and may not otherwise preside over any form of a representative or class proceeding. Anthem Blue Cross will

provide *members*, upon request, with an application, or information on how to obtain an application from the neutral arbitration entity, for relief of all or a portion of their share of the fees and expenses of the neutral arbitration entity. Approval or denial of an application in the case of extreme financial hardship will be determined by the neutral arbitration entity.

Please send all binding arbitration demands in writing to:

Other Things You Should Know

Notice of Claim & Proof of Loss

After you get covered services, we must receive written notice of your claim in order for benefits to be paid.

- An *Anthem Blue Cross HMO provider* will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- Non-*Anthem Blue Cross HMO provider* claims can be submitted by the *doctor* if the *doctor* is willing to file on your behalf. However, if the *doctor* is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the *doctor*. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information

that would be given on the claim form must be included in the written notice of claim, including:

- Name of patient.
- Patient's relationship with the *member*.
- Identification number.
- Date, type, and place of service.
- Your signature and the *doctor's* signature

Non-Anthem Blue Cross HMO provider claims must be submitted within 180 days after the date of service. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your *plan*.

Claims submitted by a public (government operated) hospital or clinic will be paid by us directly, as long as you have not already received benefit under that claim. We will pay all claims within 30 days after we receive proof of loss. If you are dissatisfied with our denial or amount of payment, you may request that we review the claim a second time, and you may submit any additional relevant information.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension.

Please contact Member Services if you have any questions or concerns about how to submit claims.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Third Party Liability and Reimbursement

Under some circumstances, a third party may be liable or legally responsible by reason of negligence, an intentional act, or the breach of a legal obligation of such third party for an injury, disease, or other condition for which a *member* receives covered services. As a result, a *member* may receive a recovery, which includes, but is not limited to, payment received from any person or party, any person's or party's liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers' compensation insurance or fund, premises medical payments coverage, restitution, "no-fault" or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage. In that event, any benefits we pay under this *plan* for such covered services will be subject to the following:

We will automatically have a lien upon any amount you receive from any, insurer, or other source of monetary compensation by judgment, award, settlement or otherwise. Our lien will be in the amount of the benefits we pay for treatment of the illness, injury, disease, or condition for which a third party is alleged to be liable or financially responsible. Our lien will not exceed the amount we actually paid for those services if we paid the provider other than on a capitated basis. If we paid the provider on a capitated basis, our lien will not exceed 80% of the usual and customary charges for those services in the geographic area in which they were rendered.

We will be entitled to collect on the full amount of our lien, except that our recovery is limited to the lesser of:

- The total lien minus a pro rata reduction for reasonable attorney fees and costs, or
- One-third of the moneys due to the enrollee or insured under any final judgment, compromise or settlement agreement if you have an attorney, or
- One-half of the moneys due to the enrollee or insured under any final judgment, compromise, or settlement agreement if you do not have an attorney.

If a final judgment includes a special finding by a judge, jury or arbitrator that you were partially at fault, our lien shall be reduced by the same comparative fault percentage by which your recovery was reduced.

You agree to advise us in writing of your claim against a third party within sixty (60) days of making such claim, and that you will take such action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our lien rights. You agree not to take any action that may prejudice our rights or interests under the *agreement*. You agree also that failing to give us such notice, or failing to cooperate with us, or taking action that prejudices our rights will be a material breach of the *agreement*. In the event of such material breach, you will be personally responsible and liable for reimbursing to us the amount of benefits we paid.

- ◆ We will be entitled to collect on our lien as a first priority even if the *member* is not made whole by the recovery and the amount recovered by or for the *member* (or his or her estate, parent or legal guardian) as compensation for the injury, illness or condition is less than the actual loss suffered by the *member*..

Coordination of Benefits

If you're covered by this group health plan, and one or more other medical or dental plans, total benefits may be limited as shown below. These provisions apply separately each calendar year to each person.

Definitions

When used in this section, the following words and phrases have the meanings explained here.

Allowed Expense is any needed, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans;
4. Medicare, except when by law Medicare's benefits are secondary to those of any private insurance program or another non-governmental program.

Each contract or arrangement for coverage listed above will be considered a separate plan. The rules of these provisions will apply only when the other plan has coordination of benefits provisions.

Primary Plan is the plan which will have its benefits figured first.

This Plan is the part of this *plan* that provides benefits subject to this provision.

Effect on Benefits

1. If This Plan is the primary plan, then we will figure out its benefits first without taking into account any other plan.
2. If This Plan isn't the primary plan, then we may reduce its benefits so that the benefits of all the plans aren't more than the allowed expense.
3. The benefits of This Plan will never be more than the benefits we would have paid if you were covered only under this *plan*.

If This Plan isn't the primary plan, you may be billed by a health care provider. If you receive a bill, you should submit it to your *medical group*.

Order of Benefits Determination

The following rules determine the order in which benefits will be paid:

1. A plan with no coordination provision will pay its benefits first. This always includes Medicare except when by law This Plan must pay before Medicare.
2. A plan which covers you through your employer pays before a plan which covers you as a family member. But if you have Medicare and are also a dependent of an active employee under another employer plan, this rule might change. If Medicare's rules say that Medicare pays after the plan that covers you as a dependent but before your employer's plan, then the plan that covers you as a dependent pays before a plan which covers you through your employer. This might happen if you are covered under This Plan as a retiree.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the year.

But if one plan doesn't have a birthday rule provision, that plan's provisions will determine the order of benefits.

Exception to rule 3: If a dependent child's parents are divorced or separated, the following rules will be used instead of rule 3:

- a. The plan of the parent who has custody, will pay first, unless he or she has remarried.
 - b. If the parent with custody has remarried, then the order is as follows:
 - i. The plan which covers that child as a dependent of the parent with custody.
 - ii. The plan which covers that child as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that child as a dependent of the parent without custody.
 - iv. The plan which covers that child as a dependent of the stepparent (married to the parent without custody).
 - c. However, if there is a court decree which holds one parent responsible for that child's health care coverage, the plan which covers that child as a dependent of the responsible parent pays first.
4. The plan covering you as a laid-off or retired employee or as such employee's dependent pays after another plan covering you. But if either plan doesn't have a rule about laid-off or retired employees, rule 6 applies.

5. A plan covering you under a state or federal continuation of coverage pays after another plan. However, if the other plan doesn't have this rule, this rule won't apply.
6. When the rules above don't apply, the plan that has covered you longer pays first unless two of the plans have the same effective date. In this case, allowed expense is split evenly between the two plans.

Our Rights Under This Provision

Responsibility For Timely Notice. We aren't responsible for coordination of benefits unless we get information from the asking party.

Reasonable Cash Value. If you get benefits from another plan in the form of services, the value of services in cash will be considered allowed expense and a benefit paid.

Facility of Payment. If another plan pays benefits that this plan should have paid, we will pay the other plan an amount determined by us. This will be considered a benefit paid under this *plan*, and will fully satisfy what we are responsible for.

Right of Recovery. If we pay benefits that are more than we should have paid under this provision, the *medical group* and we may make appropriate adjustment to claims or recover the extra amounts from one or more of the following:

- ◆ The persons to or for whom payments were made;
- ◆ Insurance companies or service plans; or
- ◆ Other organizations.

In most instances such recovery or adjustment activity shall be limited to the *calendar year* in which the error is discovered.

- ◆ A Dependent of the Employee above who is not retired; AND
- ◆ Eligible for Part A of Medicare; AND
- ◆ Eligible and enrolled under this *plan*;

Other Members Who are Eligible for Medicare

If you are:

- ◆ A *retired employee* age 65 or more and eligible for Part A of Medicare; OR

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, terms of this *plan*, and federal law.

Except when federal law requires us to be the primary payer, the benefits under this *plan* for *members* age 65 and older, or *members* otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to us, to the extent we have made payment for such services. For the purposes of the calculation of benefits, if you have not enrolled in Medicare Part B, we will calculate benefits as if you had enrolled. **You should enroll in Medicare Part B as soon as possible to avoid potential liability.**

If you are enrolled in Medicare, your Medicare coverage will not affect the services provided or covered under this *plan* except as follows:

- ◆ Medicare must provide benefits first for any services covered both by Medicare and under this *plan*.
- ◆ For services you receive that are covered both by Medicare and under this *plan*, that are not prepaid by us, coverage under this *plan* will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.

- ◆ For services you received that are covered both by Medicare and under this *plan*, that are prepaid by us, we make no additional payment.
- ◆ For any given claim, the combination of benefits provided by Medicare and the benefits provided under this *plan* will not be more than what is considered allowed expense for the covered services.

If you have questions about how your benefits will be coordinated with Medicare, please call our *Member Services number* on your Member ID card.

Other Things You Should Know

Transition Assistance for New *Members*: Transition Assistance is a process that allows for completion of covered services for new *members* receiving services from a *doctor* who is not an *Anthem Blue Cross HMO provider*. If you are a new *member*, you may request Transition Assistance if any one of the following conditions applies:

- ◆ An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
- ◆ A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem Blue Cross in consultation with you and the *doctor* who is not an *Anthem Blue Cross HMO*

provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll with Anthem Blue Cross.

- ◆ A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a *maternal mental health condition* from the individual's treating health care provider, completion of covered services for the *maternal mental health condition* shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
- ◆ A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

Call us at the *Member Services number* listed on your ID card to ask for transition assistance or to get a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition assistance does not provide coverage for services not otherwise covered under the *plan*.

We will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with doctors who are not *Anthem Blue Cross HMO providers* are negotiated on a case-by-case basis.

We will ask that the *doctor* agree to accept reimbursement and contractual requirements that apply to *Anthem Blue Cross HMO providers*, including payment terms, who are not capitated. If the *doctor* does not agree to accept said reimbursement and contractual requirements, we are not required to continue that *doctor's* services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having your request reviewed.

Continuity of Care after Termination of *Medical Group*:

Subject to the terms and conditions set forth below, Anthem will provide benefits at the *Anthem Blue Cross HMO provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a *medical group* at the time the *medical group's* contract with us terminates (unless the *medical group's* contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).). If your *medical group* leaves our network for any reason other than termination of cause, and you are in active treatment, you may be able to continue seeing that provider for a limited period of time and still get the *Anthem Blue Cross HMO provider* benefits.

You must be under the care of the *medical group* at the time the *medical group's* contract terminates. The terminated *medical*

group must agree in writing to provide services to you in accordance with the terms and conditions of the agreement with

Anthem Blue Cross prior to termination. The terminated *medical group* must also agree in writing to accept the terms and reimbursement rates that apply to *Anthem Blue Cross HMO providers* who are not capitated. If the terminated *medical group* does not agree with these contractual terms and conditions, we are not required to continue the terminated *medical group's* services beyond the contract termination date.

Anthem Blue Cross will provide such benefits for the completion of covered services by a terminated *medical group* only for the following conditions:

- ◆ An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
- ◆ A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem Blue Cross in consultation with you and the terminated *medical group* and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the *medical group's* contract terminates.

- ◆ A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a *maternal mental health condition* from the individual's treating health care provider, completion of covered services for the *maternal mental health condition* shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
- ◆ A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
- ◆ The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the *medical group's* contract terminates.
- ◆ Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the *medical group's* contract terminates.

Such benefits will not apply to *medical groups* who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please call us at the *Member Services number* listed on your ID card to ask for continuity of care or to get a copy of the written policy. Eligibility is based on the *member's* clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

We will notify you by telephone, and the *medical group* by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated *medical groups* are negotiated on a case-by-case basis. We will ask that the terminated *medical group* agree to accept reimbursement and contractual requirements that apply to *Anthem Blue Cross HMO providers*, including payment terms, who are not capitated. If the terminated *medical group* does not agree to accept the same reimbursement and contractual requirements, we are not required to continue that *medical group's* services. If you disagree with our determination regarding continuity of care, you may file a complaint with us by following the procedures described in the section called "How to Make a Complaint".

This provision also applies if the contractual or employment relationship between your *medical group* or us and the *primary care doctor* or *specialist* from whom you are receiving care terminates. In this situation, please request continuity of care through your *Anthem Blue Cross HMO coordinator*.

Transition Assistance and Continuity of Care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

- ◆ Your coverage under this *plan* ends;
- ◆ The *agreement* with the *group* terminates;
- ◆ You reach a benefit maximum that applies to the services in question;

- ◆ Your benefits under the *plan* change so that the services in question are no longer covered or are covered in a different way.

Payment of Benefits. You authorize us to make payments directly to providers for covered services. In no event, however, shall our right to make payments directly to a provider be deemed to suggest that any provider is a beneficiary with independent claims and appeal rights under the *plan*. We reserve the right to make payments directly to you as opposed to any provider for covered service, at our discretion. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the non-Anthem Blue Cross HMO provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to, an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized, under a “Qualified Medical Child Support Order”, as having a right to enrollment under the *group’s plan*), or that person’s custodial parent or designated representative. Any payments made by us (whether to any provider for covered service or you) will discharge our obligation to pay for covered services. You cannot assign your right to receive payment to anyone, except as required by a “Qualified Medical Child Support Order” as defined by, and if subject to, ERISA or any applicable state law.

If you receive services from an Anthem Blue Cross HMO provider, at which or as a result of which, you receive non-emergency covered services provided by an non-Anthem Blue Cross HMO provider, you will pay the non-Anthem Blue Cross HMO provider no more than the same cost sharing that you would pay for the same covered services received from an Anthem Blue Cross HMO provider. You will not have to pay the non-Anthem Blue Cross HMO provider more than the Anthem Blue Cross HMO provider cost sharing for such non-emergency covered services.

Once a provider performs a covered service, we will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the plan are not assignable by any *member* without the written consent of the *plan*, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the *plan* and/or law, sue or otherwise begin legal action, or request *plan* documents or any other information that a participant or beneficiary may request under ERISA. Any assignment made without written consent from the *plan* will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the State of California, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of California, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. We explain below how we pay both kinds of providers.

Anthem Blue Cross covers only limited healthcare services received outside of California. For example, *emergency* or *urgent care* obtained outside of California is always covered. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by Anthem Blue Cross.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside of California and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider.

Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the *group* on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside California

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of California by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency* services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within California, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

Member Services is also available to assist you in determining your allowed amount for a particular service from a non-participating providers the specific procedure code(s) and diagnosis code(s) for the services the provider will render. You will also need to know the provider's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this information, the final allowed amount

for your claim will be based on the actual claim submitted by the provider.

You may call Member Services toll free at the telephone number on the back of your Identification Card for their assistance.

In the event we recover a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, we will only recover such payment from the provider within 365 days of the date we made the payment on a claim submitted by the provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if we pay your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, we may collect such amounts directly from you. You agree that we have the right to recover such amounts from you.

We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by us or you if the recovery method makes providing such notice administratively burdensome. We reserve the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-Of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Who takes care of your COBRA or ERISA coverage. Anthem Blue Cross is not the *plan* administrator of your *COBRA* or ERISA coverage. Your employer, or someone your employer hires, most often takes care of administering your employer's health plan. The employer must let you know about any changes, give you notices, or let you know about the details of the health plan.

Workers' Compensation. Our health plan *agreement* with your employer doesn't change your coverage by the Workers' Compensation program. It doesn't take the place of Workers' Compensation.

Renewing our *agreement* with your employer. We can renew our *agreement* at certain times. We may change the subscription charges, or other terms of the *plan* from time to time without your consent.

Terms of Coverage

- ◆ In order for you to be entitled to benefits, both the *agreement* and your coverage under it must be in effect on the date the expense giving rise to a claim for benefits is incurred.
- ◆ Your benefits will depend on what is covered on the date you get the service or supply for which the charge is made.
- ◆ The *agreement* can be amended, modified or terminated without your consent.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, or previous medical information.

In addition, Anthem Blue Cross does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability.

For information on how to file a complaint, please see **How to Make a Complaint**. To file a discrimination complaint, please see “Get Help in Your Language” at the end of this certificate.

Consumer Relations Committee. We have a special committee made up of people who are covered by our plan, health care providers taking part in Anthem Blue Cross HMO, and a member of our Board of Directors. This committee reviews information about finances and any complaints of *members* among other things. It advises the Board of Directors about how to make sure *members* are served well and with respect.

Confidentiality and Release of Information. Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Medical Policy and New Technology. Anthem Blue Cross reviews and evaluates new technology. It does this using criteria set by its medical directors. The criteria it uses helps it decide if:

- ◆ the new technology is still investigational; or
- ◆ has medical necessity.

A committee called Medical Policy and Technology Assessment Committee (MPTAC) gives Anthem Blue Cross guidance. They also validate Anthem Blue Cross’ medical policy. MPTAC is made up of about 20 doctors. They come from various medical specialties and geographic areas. They include Anthem Blue

Cross' medical directors, doctors in academic medicine and doctors who practice managed care medicine.

Anthem Blue Cross' conclusions, based on MPTAC guidance, are incorporated into Anthem Blue Cross' medical policy used to:

- ◆ form decision protocols for particular diseases and injuries; or
- ◆ treatments for particular disease or injuries; and
- ◆ determine what is *medically necessary*.

Legal Actions. No attempt to recover on the *plan* through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this *plan*. No such action may be started later than three years from the time written proof of loss is required to be furnished. If you bring a civil action under Section 502(a) of ERISA, you must bring it within one year of the grievance or appeal decision.

Conformity with Laws. Any provision of the *agreement* which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.

Value-Added Programs. We may offer health or fitness related programs to our members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not covered services under your plan but are in addition to plan benefits. As such, program features are not guaranteed under your health plan contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Voluntary Clinical Quality Programs. We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended

timeframe. These opportunities are called voluntary clinical quality programs.

They are designed to encourage you to get certain care when you need it and are separate from covered services under your *plan*. These programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs. We may offer health or fitness related program options for purchase by your *group* to help you achieve your best health. These programs are not covered services under your *plan*, but are separate components, which are not guaranteed under this *plan* and could be discontinued at any time. If your *group* has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options a *group* may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to

meet the standard, you might qualify for an opportunity to earn the same reward by different means.

You may contact us at the Member Services number on your ID card and we will work with you (and, if you wish, your *doctor*) to find a wellness program with the same reward that is right for you in light of your health status.

If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

Payment Innovation Programs. We pay HMO network providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an HMO network provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, HMO network providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific covered services provided to you, but instead, are based on the HMO network provider's achievement of these pre-defined standards. You are not responsible for any copayment or coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by HMO network providers to us under the Program(s).

Policies, Procedures and Pilot Programs. We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the *plan* more orderly and efficient. *Members* must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the *agreement*, we have the authority to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives that may result in the payment of benefits not otherwise specified in this booklet. We reserve the right to discontinue a pilot or test program at any time.

Program Incentives. We may offer incentives from time to time in order to introduce you to new programs and services available under this *plan*. We may also offer the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as we offer the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue a program or an incentive for a particular new service or program at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *doctor* (e.g., your *doctor*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *doctor* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Getting Repaid by a Third Party

Sometimes someone else may have to pay for your medical care if an injury, disease, or other health problem is their fault or their responsibility. Whatever we cover will depend on the following:

- ◆ Your *medical group* and Anthem Blue Cross will automatically have a legal claim (lien) to get back the costs we covered, if you get a settlement or judgment from the other person or their insurer or guarantor. We should get back what we spent on your medical care.
 - If we paid the provider other than on a capitated basis, our lien will not be more than amount we paid for those services.
 - If we paid the provider on a capitated basis, our lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.
 - If you hired an attorney to gain your recovery from the third party, our lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.
 - If you did not hire an attorney, our lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.
 - If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, our lien will be reduced by the same comparative fault percentage by which your recovery was reduced.
 - Our lien is subject to a pro rata reduction equal to your reasonable attorney's fees and costs in line with the common fund doctrine.

- ◆ You must write to your *medical group* and Anthem Blue Cross about your claim within 60 days of filing a claim against the third party.
 - You will need to sign papers and give us the help we need to get back our costs.
 - If you don't do this, you will have to pay us back out of your own money.
- ◆ We will have the right to get our money back, even if what you, or someone acting for you, got back is less than the actual loss you suffered.
