Coordination Between Continuation Sections

A covered person may be eligible to continue his group health benefits under this plan's "Federal Continuation Rights" section and under other continuation sections of this plan at the same time. If he chooses to continue his group health benefits under more than one section, the continuations: (a) start at the same time; (b) run concurrently; and (c) end independently, on their own terms.

A covered person covered under more than one of this plan's continuation sections: (a) will not be entitled to duplicate benefits; and (b) will not be subject to the premium requirements of more than one section at the same time.

CGP-3-R-COC-87

B240.0044-R

An Important Notice About Continuation Rights

The following "Federal Continuation Rights" section may not apply to the Group's plan. The employee must contact his Group to find out if: (a) the Group is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to the employee.

CGP-3-R-NCC-87

B240.0064-R

YOUR CONTINUATION RIGHTS

Federal Continuation Rights

Important Notice This section applies only to any dental coverage, which is part of this plan. In this section, these coverages are referred to as "group health benefits."

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) a covered active employee or qualified retiree; (b) the spouse of a covered active employee or qualified retiree; or (c) the dependent child of a covered active employee or qualified retiree. A child born to, or adopted by, the covered active employee or qualified retiree during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

Conversion Continuing the group health benefits does not stop a qualified continuee from converting some of these benefits when continuation ends. But, conversion will be based on any applicable conversion privilege provisions of this plan in force at the time the continuation ends.

If Your Group Health Benefits End If your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

Extra Continuation for Disabled Qualified Continuees If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, a qualified continuee must give your Group written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your Group within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

An additional 50% of the total premium charge also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your Group during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

Federal Continuation Rights (Cont.)

Special Continuance for Retired Employees and their Dependents

If your group health benefits end due to a bankruptcy proceeding under Title 11 of the United States Code involving the Group, you may elect to continue such benefits, provided that:

- (a) you are or become a retired employee on or before the date group health benefits end; and
- (b) you and your dependents were covered for group health benefits under this plan on the day before the bankruptcy proceeding under Title 11 of the United States Code.

The continuation can last for your lifetime. After your death, the continuation period for a dependent can last for up to 36 months.

For purposes of this special continuance, a substantial elimination of coverage for you and your dependents within one year before or after the start of such proceeding will be considered loss of coverage.

If you die before the bankruptcy proceeding under Title 11 of the United States Code, your surviving spouse and dependent children may elect to continue group health benefits on their own behalf, provided they were covered on the day before such proceedings. The continuation can last for your surviving spouse's lifetime.

This special continuance starts on the later of: (a) the date of the proceeding under Title 11; or (b) the day after the date group health benefits would have ended. It ends as described in "When Continuation Ends", except that a person's entitlement to Medicare will not end such continuance.

CGP-3-R-COBRA-96-1

B235.0162-R

If You Die While Insured

If you die while insured, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

CGP-3-R-COBRA-96-2

B235.0075-R

If Your Marriage Ends

If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

If a Dependent Child Loses Eligibility

If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".

Concurrent Continuations

If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

Federal Continuation Rights (Cont.)

Special Medicare Rule If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

The Qualified Continuee's Responsibilities A person eligible for continuation under this section must notify your Group, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of an insured dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your Group by a qualified continuee within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your Group and this plan's procedures for providing such notice.

Notice of a disability determination must be given to your Group by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your Group and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

CGP-3-R-COBRA-96-3

B235.0178-R

Your Group's Responsibilities A qualified continuee must be notified, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the premium he or she must pay to continue such benefits; and (c) the times and manner in which such payments must be made.

Your Group must give notice of the following qualifying events to the plan administrator within 30 days of the event: (a) your death; (b) termination of employment (other than for gross misconduct) or reduction in hours of employment; (c) Medicare entitlement; or (d) if you are a retired employee, a bankruptcy proceeding under Title 11 of the United States Code with respect to the Group. Upon receipt of notice of a qualifying event from your Group or from a qualified continuee, the plan administrator must notify a qualified continuee of the right to continue this plan's group health benefits no later than 14 days after receipt of notice.

Federal Continuation Rights (Cont.)

If your Group is also the plan administrator, in the case of a qualifying event for which an Group must give notice to a plan administrator, your Group must provide notice to a qualified continuee of the right to continue this plan's group health benefits within 44 days of the qualifying event.

If your Group determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your Group must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

Your Group's Liability Your Group will be liable for the qualified continuee's continued group health benefits to the same extent as, and in place of, us, if: (a) he or she fails to remit a qualified continuee's timely premium payment to us on time, thereby causing the qualified continuee's continued group health benefits to end; or (b) he or she fails to notify the qualified continuee of his or her continuation rights, as described above.

Election of Continuation To continue his or her group health benefits, the qualified continuee must give your Group written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your Group as described above; or (b) the date coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to your Group, by the qualified continuee, in advance, at the times and in the manner specified by your Group. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group health benefits had the qualified continuee stayed insured under the group plan on a regular basis. It includes any amount that would have been paid by your Group. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total premium charge may also be required by your Group.

If the qualified continuee fails to give your Group notice of his or her intent to continue, or fails to pay any required premiums in a timely manner, he or she waives his or her continuation rights.

Grace in Payment of Premiums A qualified continuee's premium payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid; unless your Group notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your Group.

Federal Continuation Rights (Cont.)

- When Continuation Ends** A qualified continuee's continued group health benefits end on the first of the following:
- (1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;
 - (2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;
 - (3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of an insured dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;
 - (4) the date the Group ceases to provide any group health plan to any employee;
 - (5) the end of the period for which the last premium payment is made;
 - (6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or
 - (7) the date, after the date of election, he or she becomes entitled to Medicare.

Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan*.

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your Group for details about this continuation provision including required premium payments.

ELIGIBILITY FOR DENTAL COVERAGE

B489.0002-R

Employee Coverage

Eligible Employees To be eligible for *employee* coverage you must be an active *full-time employee, permanent part-time employee, or a qualified retiree*.

CGP-3-EC-90-1.0

B489.0131-R

Dental Plan Election Procedures Since Managed DentalGuard is offered to you as an alternative to this dental coverage, you may change your election, and enroll in Managed DentalGuard as follows.

If you drop your coverage under this *plan*, at any time other than during an open enrollment period, you may not enroll in Managed DentalGuard until the open enrollment period which starts at least 12 months after the date coverage is dropped.

If you remain covered under this plan, you may change your election, and enroll in Managed DentalGuard during an open enrollment period. Your coverage under this *plan* ends on the date coverage under Managed DentalGuard begins.

An "open enrollment period" occurring once every 12 months after this plan's effective date, is a time period agreed upon by the *Group* and us.

If you change your election, your covered dependents will automatically be switched to Managed DentalGuard at the same time as you.

CGP-3-EC-90-1.0

B489.0137-R

When Your Coverage Starts *Employee* benefits are scheduled to start on your effective date.

But you must be actively at work unless you are a *qualified retiree*, on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are an active *employee* and are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active work.

If you are a *qualified retiree*, you can not be confined in a health care facility on the scheduled effective date of coverage. If you are confined on that date, we will postpone your coverage until the day after you are discharged. And you must also have met all of the applicable conditions of eligibility and any applicable waiting period in order for coverage to start.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a basis on your last regularly scheduled work day.

CGP-3-EC-90-2.0

B489.0067-R

When Your Coverage Ends If you are an active *employee*, your coverage ends on the last day of the month in which your active service ends for any reason, other than disability. Such reasons include retirement (except for *qualified retirees*), layoff, leave of absence and the end of employment.

Your coverage ends on the date you die.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan*, or when this *plan* ends for all *employees*. And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

Your Right To Continue Group Coverage During A Family Leave Of Absence

Important Notice This section may not apply. You must contact your *Group* to find out if your *Group* must allow for a leave of absence under federal law. In that case the section applies.

If Your Group Coverage Would End Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.
- The end of a total leave period of 12 weeks in: (a) any 12 month period, in the case of any other *employee*; or (b) any later 12 month period in the case of an *employee* who cares for a covered servicemember.
- The date on which your coverage would have ended had you not been on leave.
- The end of the period for which the premium has been paid.

Dependent Coverage

B200.0271-R

Eligible Dependents For Dependent Dental Benefits Your *eligible dependents* are: (a) your legal spouse; (b) your unmarried dependent children who are under age 19; and (c) your unmarried dependent children from age 19 until their 25th birthday, who are enrolled as full-time students at accredited schools.

Eligible dependent children who meet the above criteria and are: 1) your spouse's, or your domestic partner's unmarried dependent children; and 2) a child for whom you, your spouse, or your domestic partner have been appointed legal guardian. In addition, a grandchild is an eligible dependent if the mother is covered under this plan, and is: a) your eligible dependent daughter, your spouse's eligible dependent daughter, or your domestic partner's eligible dependent daughter.

Dependent Coverage (Cont.)

An unmarried dependent child who is not able to remain enrolled as a full-time student due to a *medically necessary* leave of absence may continue to be an *eligible dependent* until the earlier of: (a) the date that is one year after the first day of the *medically necessary* leave of absence; or (b) the date on which coverage would otherwise end under this *plan*. You must provide written certification by a treating physician which states that the child is suffering from a serious illness or injury and that the leave of absence is *medically necessary*.

If a child's coverage under this plan was terminated when he was no longer a full-time student, the child will be allowed to enroll for coverage under this plan if he becomes a full-time student. The child must meet all applicable eligibility criteria specified in this section.

Adopted Children And Step-Children

Your "unmarried dependent children" include your legally adopted children and, if they depend on you for most of their support and maintenance, your step-children.

We treat a child as legally adopted from the time the child is placed in your physical custody for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued. We cover your adopted child from the moment of his or her placement if you are already covered for dependent child coverage when the child is placed for adoption. If you do not have dependent coverage when the child is placed for adoption, we cover the child for the first 31 days from the moment of his or her placement. To continue the child's coverage past the 31 days, you must enroll the child and agree to make any required premium payments within 31 days of the date of placement. If you fail to do this, the child's coverage will end at the end of the 31 days. The child won't be covered by this plan again until you enroll the child during this plan's open enrollment period.

Dependents Not Eligible

We exclude any dependent who is insured by this plan as an employee. And we exclude any dependent who is on active duty in any armed force.

Handicapped Children

You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan*, such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

Other Enrollment Conditions

If you initially waived dental coverage for your spouse or eligible dependent children under this plan because they were covered under another group plan, you can elect to enroll them in the dental coverage under this plan, provided their coverage under the other plan ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan.

But you must enroll your spouse or eligible dependent children in the dental coverage under this plan within 31 days of the date that any of the events described above occur or you will not be able to enroll until the Group Enrollment Period.

In addition, your spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 31 days of the issuance of the court-order.

When Dependent Coverage Starts

In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this *plan*, the date your dependent coverage starts depends on when you elect to enroll your *initial dependents* and agree to make any required payments.

If you do this on or before your *eligibility date*, the dependent's coverage is scheduled to start on the later of the first of the month which coincides with or next follows your *eligibility date* and the date you become insured for employee coverage.

If you do this within the *enrollment period*, the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the *enrollment period* ends, you will not be able to enroll your *initial dependents* until the next Group Enrollment Period.

Once you have dependent coverage for your *initial dependents*, you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the *newly acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the *newly acquired dependent*, cannot be enrolled until the next Group Enrollment Period.

Dependent Coverage (Cont.)

Newborn Children We cover your newborn child from the moment of birth if you are already covered for dependent child coverage when the child is born. If you do not have dependent coverage when the child is born, we cover the child for the first 31 days from the moment of his or her birth. To continue the child's coverage past the 31 days, you must enroll the child and agree to make any required premium payments within 31 days of the date the child is born. If you fail to do this, you will not be able to enroll the child until the next Group Enrollment Period.

B489.0232-R

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent*. This happens to a child on the last day of the month in which the child attains this coverage's age limit, when he or she marries, or when a step-child is no longer dependent on you for support and maintenance. It happens to a spouse on the last day of the month in which a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

CERTIFICATE AMENDMENT

Effective July 1, 2010, this rider amends the dependent coverage provisions as follows:

Your domestic partner will be eligible for coverage under this plan subject to all of the terms of this plan and the limitations below. "Domestic partner" means an adult who has chosen to share his or her life with you in an intimate and committed relationship of mutual caring.

To qualify for such coverage, you and your domestic partner must be either:

- (a) registered domestic partners; or
- (b) non-registered domestic partners.

As used here:

"Registered domestic partners" means an employee and his or her domestic partner who: (a) have filed a Declaration of Domestic Partnership with the California Secretary of State; (b) were registered as a domestic partner in the registry for those partnerships; and (c) were issued a copy of the registered form and a Certificate of Registered Domestic Partnership.

"Non-registered domestic partners" means an employee and his or her domestic partner who:

- submit copies of an employee's and his or her domestic partner's California Driver License or Identification Card to verify that it matches the same address on record with the Department of Water and Power;
- submit a confidential affidavit that shows the employee and his or her domestic partner meets the required criteria, including:
- are 18 years of age or older;
- are unmarried, constitute each other's sole domestic partner, and have not had another domestic partner in the last 12 months;
- share the same permanent address for at least 12 consecutive months and intend to do so indefinitely;
- are not related by blood to a degree that would prohibit marriage in the employee's state of residence;
- each is the sole domestic partner of the other and is responsible for the other's welfare; and
- are both mentally competent to consent to the contract.

Your registered domestic partner, or non-registered partner, will be eligible for dental coverage under this plan.

A registered or non-registered partner's dependent children will be eligible for coverage under this plan on the same basis as if the children were your dependent children.

Coverage for a registered domestic partner and his or her dependent children ends when the domestic partnership is dissolved as provided under California law.

Certificate Amendment (Cont.)

Coverage for a non-registered domestic partner and his or her dependent children ends when the domestic partner no longer meets the qualifications of a non-registered domestic partner as described above.

Upon termination of a non-registered domestic partnership, a "Statement of Termination" must be completed and filed with the Group. Once you submit a "Statement of Termination", you may not enroll another non-registered domestic partner for a period of 12 months from the date of the previous termination.

A registered or non-registered domestic partner and his or her children will not be eligible for continuation of dental coverage as explained under the "Federal Continuation Rights" section.

This rider is a part of this plan. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this plan.

DENTAL EXPENSE INSURANCE

This insurance will pay many of a *covered person's* dental expenses. We pay benefits for covered charges incurred by a *covered person*. What we pay and terms for payment are explained below.

CGP-3-DG2000

B498.0007-R

DentalGuard Preferred - This Plan's Dental Preferred Provider Organization

This *plan* is designed to provide high quality dental care while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek dental care from *dentists* and dental care facilities that are under contract with *Guardian's dental preferred provider organization (PPO)*, which is called DentalGuard Preferred.

The dental PPO is made up of *preferred providers* in a covered person's geographic area. Use of the dental PPO is voluntary. A *covered person* may receive dental treatment from any dental provider he or she chooses. And he or she is free to change providers anytime.

This *plan* usually pays a higher level of benefits for covered treatment furnished by a *preferred provider*. Conversely, it usually pays less for covered treatment furnished by a *non-preferred provider*.

When an *employee* enrolls in this *plan*, he or she and his or her dependents receive a dental plan ID card and information about current *preferred providers*.

A *covered person* must present his or her ID card when he or she uses a *preferred provider*. Most *preferred providers* prepare necessary claim forms for the *covered person*, and submit the forms to us. We send the *covered person* an explanation of this *plan's* benefit payments, but any benefit payable by us is sent directly to the *preferred provider*.

What we pay is based on all of the terms of this *plan*. Please read this *plan* carefully for specific benefit levels, deductibles, *payment rates* and *payment limits*.

A *covered person* may call the Guardian at the number shown on his or her ID card should he or she have any questions about this *plan*.

CGP-3-DGY2K-PPO

Covered Charges

If a *covered person* uses the services of a *preferred provider*, covered charges are the charges listed in the fee schedule the *preferred provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

If a *covered person* uses the services of a *non-preferred provider*, covered charges are reasonable and customary charges for the dental services listed in this *plan's* List of Covered Dental Services.

Covered Charges (Cont.)

To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

By reasonable, we mean the charge is the *dentist's* usual charge for the service furnished. By customary, we mean the charge made for the given dental condition isn't more than the usual charge made by most other *dentists*. But, in no event will the covered charge be greater than the 80th percentile of the prevailing fee data for a particular service in a geographic area.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. A covered charge for *orthodontic treatment* is incurred on the date the *active orthodontic appliance* is first placed. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, we'll only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

CGP-3-DGY2K-CC

B498.0066-R

Alternate Treatment

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us*. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof Of Claim

So that we may pay benefits accurately, the *covered person* or his or her *dentist* must provide *us* with information that is acceptable to *us*. This information may, at *our* discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If we don't receive the necessary information, we may pay no benefits, or minimum benefits. However, if we receive the necessary information within 15 months of the date of service, we will redetermine the *covered person's* benefits based on the new information.

CGP-3-DGY2K-AT

B498.0002-R

Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian*. The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us*.

A treatment plan should always be sent to us before orthodontic treatment starts.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan*. For instance, you may be covered by this *plan* and a similar plan through your spouse's Group. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Read "Coordination of Benefits" to see how this works.

How We Pay Benefits For Group I, II And III Non-Orthodontic Services

There is no deductible for Group I services and for Group II and III services provided by a *preferred provider*. *We* pay for all Group I and for Group II and III PPO covered charges at the applicable *payment rate*.

A *benefit year* deductible of \$25.00, limited to 3 per family per benefit year, applies to Group II and III services provided by a *non-preferred provider*. Each *covered person* must have covered charges from these service groups which exceed the applicable deductible before *we* pay him or her any benefits for such charges. These charges must be incurred while the *covered person* is insured.

Once a *covered person* meets the deductible, *we* pay for his or her Group II and III Non-PPO covered charges above that amount at the applicable *payment rate* for the rest of that *benefit year*.

All covered charges must be incurred while insured. And we limit what we pay each benefit year to \$2,000.00.

B498.0194-R

How We Pay Benefits For Group IV Orthodontic Services

This *plan* provides benefits for Group IV orthodontic services.

We pay for Group IV covered charges at the applicable *payment rate*. There may be different *payment rates* which apply to covered charges for services from a *preferred provider* and a *non-preferred provider*.

Using the *covered person's* original treatment *plan*, *we* calculate the total benefit *we* will pay. *We* divide the benefit into equal payments, which *we* will spread out over the shorter of: (a) the proposed length of treatment; or (b) two years.

We make the initial payment when the *active orthodontic appliance* is first placed. *We* make further payments at the end of each subsequent three month period, upon receipt of verification of ongoing treatment. But, treatment must continue and the *covered person* must remain covered by this *plan*. *We* limit what *we* pay for orthodontic services to the lifetime payment of \$2,000.00. What *we* pay is based on all of the terms of this *plan*.

The Benefit Provision - Qualifying For Benefits (Cont.)

We don't pay for orthodontic charges incurred by a *covered person* prior to being covered by this *plan*. We limit what we pay for *orthodontic treatment* started prior to a *covered person* being covered by this *plan* to charges determined to be incurred by the *covered person* while covered by this *plan*. Based on the original treatment *plan*, we determine the portion of charges incurred by the *covered person* prior to being covered by this *plan*, and deduct them from the total charges. What we pay is based on the remaining charges. We limit what we consider of the proposed treatment *plan* to the shorter of the proposed length of treatment, or two years from the date the *orthodontic treatment* started.

The benefits we pay for *orthodontic treatment* won't be charged against a *covered person's benefit year* payment limits that apply to all other services.

The negotiated discounted fees for orthodontics performed by a *preferred provider* include: (a) treatment *plan* and records, including initial, interim and final records; (b) orthodontic retention, including any and all necessary fixed and removable *appliances* and related visits; and (c) limited, interceptive and comprehensive *orthodontic treatment*, with associated: (i) fabrication and insertion of any and all fixed *appliances*; and (ii) periodic visits.

There is a separate negotiated discounted fee for *orthodontic treatment* which extends beyond 24 consecutive months.

The negotiated discounted fee for orthodontics performed by a *preferred provider* does not include: (a) any incremental charges for orthodontic *appliances* made with clear, ceramic, white lingual brackets or other optional material; (b) procedures, *appliances* or devices to guide minor tooth movement or to correct harmful habits; (c) retreatment of orthodontic cases, or changes in *orthodontic treatment* necessitated by any kind of accident; (d) replacement or repair of orthodontic *appliances* damaged due to the neglect of the patient; (e) orthognathic surgery and associated incremental charges; (f) extractions performed solely to facilitate orthodontic treatment; and (g) *orthodontic treatment* started before the member was eligible for orthodontic benefits under this *plan*.

Whether or not a charge is based on a discounted fee, it will be counted toward a *covered person's* orthodontic lifetime payment limit under this *plan*.

We don't pay for charges incurred after a *covered person's* insurance ends. But, subject to all of the other terms of this *plan*, we'll pay for the following if the procedure is finished in the 31 days after a *covered person's* insurance under this *plan* ends: (a) a bridge or cast restoration, if the tooth or teeth are prepared before the *covered person's* insurance ends; (b) any other *dental prosthesis*, if the master impression is made before the *covered person's* insurance ends; and (c) root canal treatment, if the pulp chamber is opened before the *covered person's* insurance ends.

DISCOUNT - THIS IS NOT INSURANCE

Discounts on Dental Services Not Covered By This Plan

A covered person under this plan can receive discounts on certain services not covered by this plan, as described below, if:

- (a) he or she receives services or supplies from a dentist that is under contract with our DentalGuard Preferred Provider Organization (PPO) network; and
- (b) the service or supply is on the fee schedule the dentist has agreed to accept as payment in full as a member of the PPO network.

The services described in this provision are not covered by this plan. The covered person must pay the entire discounted fee directly to the dentist. There is no need to file a claim.

When a person is no longer covered by this plan, access to the network discounts ends.

B499.0077-R

Discounts on Services Not Covered Due To Contractual Provisions

If a covered person receives dental services from a dentist who is under contract with Guardian's DentalGuard Preferred PPO, such services will be provided at the discounted fee the dentist agreed to accept as payment in full as a member of our DentalGuard Preferred PPO network, even if such services are not covered by the plan due to:

- Meeting the plan's benefit year payment limit provision;
- Frequency limitations; or
- Plan exclusions, such as dental implants.

COORDINATION OF BENEFITS

Important Notice This section applies to all group health benefits under this plan; except prescription drug coverage, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

- (1) If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is **not** an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.
- (2) The amount a benefit is reduced by the primary plan because a person does not comply with the plan's provisions is **not** an allowable expense. Examples of these provisions are: (a) precertification of admissions and procedures; (b) continued stay reviews; and (c) preferred provider arrangements.
- (3) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the primary plan's reasonable and customary charges for a specific benefit is **not** an allowable expense.
- (4) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the primary plan's negotiated fees for a specific benefit is **not** an allowable expense.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefit.

Claim This term means a request that benefits of a plan be provided or paid.

Claim Determination Period This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.

Coordination Of Benefits This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

Custodial Parent This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan This term means any of the following that provides benefits or services for health care or treatment: (1) group, blanket or franchise insurance coverage; (2) service plan contracts, group practice, individual practice and other prepayment coverage; (3) any coverage under labor-management trusteed plans, union welfare plans, Group organization plans, or employee benefit organization plans; and (4) governmental benefits, except Medicare, as permitted by law.

This term does not include: (a) individual or family insurance; (b) individual or family subscriber contracts; (c) school-type blanket accident and sickness insurance; (d) blanket accident insurance that is excess to other coverage; (e) medical benefit payments in traditional automobile contracts; or (f) Medicare, Medicaid, and coverage under other governmental plans, unless permitted by law.

This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.

Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

Primary Plan This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group health benefits, except prescription drug coverage, if any, provided under this group plan.

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the rules that applies is the rule to use.

Non-Dependent Or Dependent The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

Child Covered Under More Than One Plan The order of benefit determination when a child is covered by more than one plan is:

- (1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.
- (2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.

Order Of Benefit Determination (Cont.)

- (3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; (c) the plan of the noncustodial parent; and (d) the plan of the spouse of the noncustodial parent.

Active Or Inactive Employee The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage The plan that covered the person longer is primary.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

B555.0295-R

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. When the benefits of this plan are reduced, each benefit is reduced in proportion. It is then charged against the applicable benefit limit of this plan.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

Right Of Recovery

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
